RE: Statement of Completion for Submitting Proof of Beneficial Use Per Condition #1
Permit No. 84-12322

To Whom It May Concern,

The groundwater drawn from this well has been used for irrigation purposes from mid March to mid November to maintain property beautification, to provide suitable grazing resources for livestock and to reduce the risk of wildfire danger.

We run livestock year-round on our property that rely on fresh drinking water and green vegetation. Abundant wildlife also utilize these resources as well as the water resource provided by the pond located on this parcel.

The well is also used for domestic purposes year-round providing water for drinking, cleaning, bathing, and general household use for one home located on the property.

Sincerely,

Lyle J. Hendricks (Owner)
