RE: Water Permit 63-34095

Dear Property Owner:

The Department of Water Resources (Department) has reason to believe you may be the owners of all or part of the property associated with water right permit 63-34095 (permit). The permit authorizes a total diversion rate of 0.08 cubic feet per second of ground water for irrigation use in a portion of Section 34, Township 05 North, Range 01 East, Ada County.

According to Department records, the current permit holder is Jim Jensen and Adrienne Jensen. A condition of the permit required the permit holder to submit a proof of beneficial use statement to the Department on or before **November 1, 2025**. The Department notified Jim Jensen and Adrienne Jensen by certified mail at 4795 N Hartley Rd Eagle ID 83616. The correspondence was returned to our office marked "return to sender- attempted- not known- unable to forward" by the US Postal Service.

If you are the current owner of the property appurtenant to water permit 63-34095, a Notice of Change in Water Right Ownership must be completed.

Along with the ownership change notice, you must submit either a *Statement of Completion for Submitting Proof Beneficial Use* or a *Request for Extension of Time* form. If the Department does not receive either a *Statement of Completion for Submitting Proof Beneficial Use* or a *Request for Extension of Time* by **November 1, 2025**, the permit will lapse.

I am enclosing a copy of the permit, a map showing the place of use, a Statement of Completion for Submitting Proof Beneficial Use, a Request for Extension of Time and a Notice of Change in Water Right Ownership form for your benefit. These forms can also be found on the Department's website, www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4945.

Sincerely,

Julie Adams
