Re: Change in Ownership for Water Right/Permit Nos: 63-11540, 63-33967

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right and permit to you. The Department has modified its records and has enclosed two computer-generated reports for you. Please read the reports thoroughly to gain an understanding of the conditions for each water right and permit.

As you may be aware, 63-33967 is in the permitting stage. The proof due date is April 1, 2027. If you desire any assistance in understanding the requirements of converting this permit to a license you may call our office and ask to speak with the Office-Day Agent. Additionally, water right information can be found on the Department's website at, idwr.idaho.gov.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed, please contact me at (208) 605-4631.

Sincerely,

Susy Hobson
