Subject: RE: Proposed Water Supply Bank Lease Contracts 2037,2038 for Sun Valley Community School

CAUTION: This email originated outside the State of Idaho network. Verify links and attachments BEFORE you click or open, even if you recognize and/or trust the sender. Contact your agency service desk with any concerns.

Good Morning Catalina,

I now have clear direction on how to proceed. Would you please edit the lease agreement to run from 1/1/2025 to 12/31/2025? I will then have Community School execute the lease agreement and send it back to you for Brian's signature. I realize that when I originally filed the application I asked for a 5-year term. Community School is going to use a 1-year term with the Bank, then will enroll the acres for fallowing with Galena Ground Water District in accordance with the Extended Big Wood Ground Water Management Area Plan for the 2026 and 2027 irrigation seasons.

If you have any questions, please don't hesitate to contact me. Again, I appreciate your patience while I worked through some details.

Thanks,

Chris

Catalina,

Wow, I wasn't expecting to see a draft approval so soon. I'm in the process of working on a fallowing agreement with Galena Ground Water District, pursuant to the Big Wood River Ground Water Management Plan. If the fallowing agreement comes together, then I would withdraw the water supply bank lease application. Would it be possible for the water supply bank to hold the approval for another 30 days while I work through the fallowing agreement with Galena GWD?

Thanks,

Chris

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water right to the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts for your review and signature. Please sign and return ALL Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return an executed copy to you. The Lease Contract is not considered final until you and the Department have both signed.

The right will automatically be released from the Bank on **December 31, 2029** unless the right is released earlier by the Board, or upon your request. To release the right from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. MEMORANDUM FOR APPLICATION # 3253

To: Water Right(s) 37-8157

From: Catalina Beck Water Resource Agent

Date: June 24, 2025

Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE: **Renewal** The lease application was received on March 29, 2025, along with the correct fees. The applicant seeks to lease water right 37-8157 for irrigation purposes. The applicant requests to lease 24.9 acres, with a volume of 14.6 acre-feet (AF) starting in 2025 for a duration of five years. At the representative's request, the lease contract will be updated to cover only one year. There is not diversion rate for this water right. Lease Application 3234 required administrative adjustments to accurately reflect the parties associated with Water Right 37-8157. During review, it was identified that the Sun Valley Community School was not included in the data entry under the contacts section for water right 37-8157. To correct this omission and ensure proper representation, the application was split into two applicants 3253 (water right 37-8157) and 3234(water rights 37-20901,37-22681). Water right 37-8157 is in the Trust Water Area and the Big Wood River.

AUTHORITY TO FILE: The lease application for Sun Valley Community School is signed by Ben Pettit, who is identified as the director of the school according to the State of Idaho Business website. Chris M. Bromley from McHugh Bromley PLLC serves as the representative for Sun Valley Community School. There are no concerns regarding authority.

WATER RIGHT VALIDITY: Water right 37-8157 was decreed on September 24, 2010, and was in the bank from 2016 to 2020. Using sentinel imagery, I reviewed the application and found that the portion proposed for leasing into the bank was idle from 2021 to 2024. According to Multiple programs memo #3 given that the application for lease was submitted in the fifth year of non-use (2025), the portion proposed to the bank is protected from forfeiture concerns.

INJURY TO OTHER WATER RIGHTS: Lease of this water right would not cause injury to other water rights. Proper review to prevent injury if rented.

ENLARGEMENT OF USE: Water right 37-8157,37-22681, and 37-20901 are stacked with each other however water rights 37-22681, and 37-20901 are being leased into the bank (application 3234). Water right 37-8157 is in the Sun Valley Water and Sewer District service boundaries. No concerns with enlargement.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The location for the leased POD is within Water District 37. Comments were requested on July 23, 2025 to the watermaster and southern region
