Notice of Abandonment of Water Right

Print Name of Water Right Owner(s): SILVER SAGE OWNERS ASSN INC

Mailing Address: PO Box 331 Hailey Idaho 83333

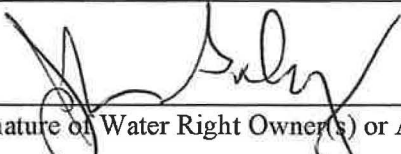

Phone: 208-720-2996

Note: If you are not listed as the current owner of the water right in the Idaho Department of Water Resources' records, you must include evidence of ownership of the water right (or portion of the water right) with this form. Evidence may include a warranty deed, quitclaim deed, court decree, contract of sale, etc.

I am the current owner of X all, or _____ part of, the water right described in the Idaho Department of Water Resources' records as Water Right No. 37-21240.

I hereby abandon X all, or _____ part of the water right designated above. This abandonment is intentional and voluntary. I recognize that this abandonment permanently eliminates the right to divert and use water under the water right designated above.

If this abandonment applies to a portion of the water right, please indicate which part is abandoned by describing the diversion rate, annual diversion volume or storage volume, and place of use (include acres if the use is irrigation) and by attaching a detailed map identifying the specific locations.

MEMORANDUM

TO: Water Right Files 37-20843, 37-21240, and 37-21242

FROM: Corey Skinner *CS*

DATE: December 29, 2022

SUBJECT: Status Change(s) to Water Right Records

Water rights 37-20843, 37-21240, and 37-21242 are all currently in the name of the Silver Sage Owners Association Inc. In late November, Johnny Galgano of the Silver Sage Owners Association Inc. began corresponding with IDWR Southern Region staff relating to the possible abandonment of water rights 37-20843, 37-21240, and 37-21242. Apparently, this possible abandonment was driven by the idea of being able to avoid paying assessment fees to the water district. On November 28, 2022, IDWR received three notice of abandonment forms for water rights 37-20843, 37-21240, and 37-21242. The notices were signed by Johnny Galgano, a registered agent for the Silver Sage Owners Association Inc. On November 30, 2022, IDWR staff changed the status of water right records 37-20843, 37-21240, and 37-21242 from "Active" to "Abandoned" in IDWR's database.

Within a couple of days (prior to December 2nd), Johnny Galgano contacted multiple IDWR Southern Region staff members indicating that he really didn't want to abandon the water rights. Final IDWR processing of the abandonments (scanning & correspondence) had not yet been initiated and was put on hold. Mr. Galgano was advised that a signed statement from him withdrawing the previously filed abandonments would need to be filed with IDWR. On December 22, 2022, IDWR received a signed statement withdrawing the previously filed abandonments. On this day (December 29, 2022), IDWR staff changed the status of water right records 37-20843, 37-21240, and 37-21242 from "Abandoned" back to "Active" in IDWR's database.

Our HOA has received some additional information from Zach Latham regarding the potential value of the remaining water rights within the HOA and I would like to request that either you pull my three (3) forms i filed for abandonment for the following water rights 37-20843, 37-21240 & 37-21242 or at the very minimum "pause" the process of abandonment until the HOA can take one more look at this.

Thank you

Good morning!

The Department will need a signed statement from you indicating that you wish to withdraw the abandonment of the three water rights. We will put the abandonment forms on hold until December 31st to allow you sufficient time to attend to this matter.

Sincerely,
Bill

Subject: RE: Water Rights for Abandonment

Mr.Galgano,

I've looked at the water rights and here is the breakdown:
37-20843, 37-21240 & 37-21242 are what was remaining after the transfer. They are good candidates for abandonment if you want to go down that road. They may still have some value, but if someone bought them and transferred them to their property, they would have to demonstrate the water rights validity and that may be difficult. Abandoning them would prevent having to pay any further assessment fees.

Water rights 37-8409, 37-22499, 37-23285 & 37-23296 are owned by Demi Moore and are attached to her property. I'm told there was an agreement between her and Silver Sage Owners Assn. She needs to update the ownership of the water rights into her name. Zach Latham may know more about this. Since the Assn doesn't own these water rights, it does not have to pay assessment fees on them.

I hope that helps,
Sincerely,
Bill Mills
