Re: Change in Water Right Ownership: 37-11402, 37-11446, 37-2055 (Split into 37-2055, **37-23655 & 37-23656**), 37-11445 (Split into 37-11445, **37-23657 & 37-23658**),

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

-

Regarding the ownership of Water Rights 37-891A and 37-892: water rights 37-891A and 37-892 are owned entirely by the holders of record: UPPER WOOD RIVER USERS ASSN INC. To update the split portion of the rights that overlaps your property you will need to obtain a deed from Upper Wood River Users Assn Inc that conveys the appurtenant portions of these water rights to you. Because Upper Wood River Users Assn Inc owns the entirety of these rights the Department is cancelling the ownership change for these two rights. A refund of \$200 has been requested and will be mailed to SCOTT L MARTIN under separate cover from the Idaho State Controller's Office.

-

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-287-4921.

Sincerely,

Debra Mansfield

Hello Scott,

My apologies for the delay, we have been understaffed, and I have been juggling some additional responsibilities the past couple of months.

I have reviewed your additional documentation, and I ran into one concern regarding the documents we received.

I received a deed that has not been recorded or signed by a notary; therefore, the Department cannot accept the copy that was received. Would you happen to have a recorded copy of this deed that you would be able to provide? Or a different deed that shows the same conveyance? The deed I am referencing shows the conveyance of Lot 15 of Boards Upper Ranch from Sun Valley Long Term Holding, LLC to you. *I have attached a copy of the deed in question to this email for your reference.*

Feel free to email back a complete and recorded copy of this deed to: file@idwr.idaho.gov or you may mail it into the Department. Once we receive this document, I will have all the documentation necessary to complete your change. It may take me about a week to complete your change in ownership once I receive the documentation.

Thank you again for your patience. If you have any other questions, please let me know.

RE: Change in Ownership for Water Right Nos: **37-11402**

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question
- Filing Fee of \$425: Includes changes resulting from divisions of water rights

Your received Notice of change in Water Right Ownership indicated water right 37-08653. During our review of your submitted documentation we found that water right 37-8653 is not an appurtenance of your property. The Department found that water right 37-11402 is an appurtenance of your property: Lots 16 and 17 of Boards Upper Ranch, Blaine County, Idaho.

The supporting documentation we received with your Notice is a Quitclaim Deed showing the conveyance of property from Michael Colhoun and Mary T Colhoun to you. Water right 37-11402 is under the current ownership of PRESTON S FRAZIER.

If you are submitting a quitclaim deed and the grantor's name does not match the water right holder of record, you will need to provide a chain of title that goes back to the water right holder/claimant of record. You may obtain this information from the assessor's office in the county where the property is located. Please note, Items that are **not** conveyance documents are deeds of trust, mortgages, purchase and sales agreements, and property tax notices.

~

Regarding water rights: 37-11446, 37-891A, 37-892, 37-2055 & 37-11445

The Department also found that water right 37-11446 and a portion of water rights 37-891A, 37-892, 37-2055 and 37-11445 are located on your property. The Department will need the corresponding supporting documentation for Lot 15A of Boards Upper Ranch to include these rights for you. I have included a computer generated report of each of these rights for your reference.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the additional filing fee for water rights 37-11446, 37-891A, 37-892, 37-2055 & 37-11455 will be **\$425**.

Because the Department cannot process the Notice without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information and fees. If we do not receive the necessary information and fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to update ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208)287-4921.

Sincerely,

Debra Mansfield
