

TABLE 1
Sorted by Condition # in October 9, 2023 Memo

Condition	Condition description	“Buckets” of IMAP rights
1	Place of Use	All IMAP water rights
2	Map	All IMAP water rights
3	Planning Horizon	All IMAP water rights, modified to reflect flow rate of each particular right
4	System Capacity (“109”)	All IMAP water rights
5	Administration of APODs (“208”)	All IMAP water rights, modified to reflect location of well(s) initially associated with each particular right
6	Authorization of additional APODs	All IMAP water rights, modified to reflect location of additional well(s) now authorized as PODs and when well(s) were added
7	Surface Water First (“102”)	All IMAP water rights, if not dropped (as suggested by Veolia)
8	Transfer to new place or nature of use	All IMAP water rights
9	Documentation of quantity (“10Q”)	All IMAP water rights
10	Right-of-way (“004”)	All IMAP water rights
11	Failure to comply (“T08”)	All IMAP water rights
12	Side Agreement	All IMAP water rights
13	Measuring Devices (“T17”)	All IMAP water rights
14	Low temperature geothermal #1 (“058”)	All IMAP water rights because all IMAP rights have APODs within BF LTG GWMA

TABLE 1
Sorted by Condition # in October 9, 2023 Memo

Condition	Condition description	“Buckets” of IMAP rights
15	Low temperature geothermal #2 (“073”)	All IMAP water rights
16	Redefinition of elements (“205”)	All IMAP water rights
17	SRBA general provisions (“T19”)	All IMAP water rights with SRBA decrees
18	Floating Feather Well	All IMAP water rights because all IMAP rights have APODs including the Floating Feather Well
19	Salmon flow mitigation (“120”)	Only water right 63-12516
20	Water bearing zone	All IMAP water rights (if not dropped as suggested by Veolia) because all IMAP rights have APODs including the wells initially associated with permits 63-12452, 63-12464, and 63-12516
21	Reopener	All IMAP water rights

TABLE 2 Sorted by “Buckets” in April 23, 2024 update of October 9, 2023 Memo
