Re: Change in Ownership for Water Right No(s): 43-4239 and 43-10115

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Please note, Roger D. Ling is identified as an attorney on water right 43-4239. Additionally, Ero Resources Corp and D. Lane Schumann are identified as representatives on the same water right. If this is no longer correct, they can be removed from the right upon written notice from the representative or attorney that the interest has terminated.

Additionally, as per the deeds submitted, water right 43-4239 appears to be partially appurtenant to land owned by both Trudy Tracy AND Lynette Schwinn. Therefore, the ownership was updated to include both owners.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-293-9912.

Sincerely,

Tyler Wallace
Engineer Associate
