Water is delivered through Sorensen Ditch.

Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Bear River Basin Adjudication.

This right is limited to the irrigation of 1 acre within the authorized place of use in a single irrigation season.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 13Q.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Rights 13-7999, 13-8000, 13-8009, 13-8012, and 13-8013 when combined shall not exceed the irrigation of 68 acres.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

This right does not grant any right-of-way or easement across the land of another.

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
