10. Do you own the property listed above as place of use? Yes

If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

None.

12. Remarks:

Priority Date Explanation:

This priority date goes back to when the railroad company was putting this water to use. At some point in time, the railroad company turned the water rights over to the property owners at the time. Around the early 1970's, most of the land on the East side of the highway stopped being irrigated, and this irrigated acreage was moved to land on the West side of the highway. The additional point of diversion (pump in stream) was added to the system when the change in place of use occurred.
