ATTN: Water Right No. 65-23253

Dear Nicky Adams,

During a recent review of water rights it was recognized that, during an ownership change and split processed in 2023, the number of acres associated with water right 65-23253 were not recorded correctly. The ownership change split created "child" right 65-24233, which received 0.22 cfs and 11 acres for irrigation use in the SESW of Sec. 24, T07N, R04W. As such, the number of acres for irrigation for right 65-23253 in this same quarter should have been reduced to reflect a total of 2.4 acres in the SESW of Sec. 24, T07N, R04W.

The records have been updated to display the correct acres and a copy of a water right report displaying the right before and after the update, with changes highlighted, is attached for your records. If you have any questions regarding this matter, please feel free to call the Western Regional Office at 208-334-2190.

Sincerely,

Scott Storms
Water Resources Supervisor
