Dear Claimant(s):

The Idaho Department of Water Resources (IDWR) has received your Bear River Basin Adjudication (BRBA) Notice of Claim to a Water Right. We are unable to process your claims for the following reason(s).

Claim 13-10158

Line 6- Water is claimed- You have indicated that you are watering livestock. Put the season of use and cfs rate that is being claimed.

Line 9- Description of Place of use- The department requires the legal description and acres for each QQ on your irrigated acres that are being claimed.

Per our department guidance, I need to inform you of these actions. If these changes are correct, no additional action is required from you at this time.

Line 6- Water is claimed-It's indicated that you are claiming water for 3 households. If this is correct, put domestic in the first box and fill out season of use and cfs rate.

Line 9- Description of Place of use-Put the legal description for both stock water and domestic uses.

Map- On the map provided show where the domestic use for the homes and stock water are occurring.
