(307) 887-9100. Needs to make maps for irrigation claims. Wants to object to other claims (told her there is no formal process yet, and to wait until IDWR recommends the claims.) Has issues with claims that wants to express. Told her it is best to communicate them in writing attached with the claims.

Claim Numbers (and notes):

- 11-7672: Stockwater from a spring developed in 2007. Same springs as neighbor, Claim 11-7615.
- 11-9152: Legal descriptions for POU/POD, I believe are written incorrectly.
- 11-9154 and 11-9155: POU legal description not listed on claim, double check it is data entered correctly.
- 11-9155 and 11-4025: Name written as RAND not Randy
- 11-7671: SOU for Stockwater claimed as 01/03 – 12/31.

Will need to do a refund, Eastern charged for 9 total -\$25.00 Stockwater claims, when they are exempt, 5 to be refunded. After getting Irrigated acres map, double check for irrigated acres charged twice. Recommend doing BEFORE the refund is processed (Most likely overcharged)
