Steve,

Attached is a revised version of the IMAP Planning Area Map. United Water tried to make labels and Township & Range lines easier to read. It looks best printed out on 11x17 paper.

Please note that a couple of changes were made to correct inadvertent errors in the map submitted with the Update Statement. Specifically,

1. The Oregon Trail well is removed because UWID does not own it anymore.
2. The Central Park well is moved to the NW of T3NR2ES02 (from the SW of T4NR2ES35)
3. The Franklin Park well is moved to the NE of T3NR2ES18 (from the NW Qtr of that section)

Please let me know what you think of the map. We will submit it to the parties and the Director with the summary spreadsheets once you confirm they contain the information you need to consider the IMAP applications updated.

Thanks,
Mike
