SUBJECT: Bear River Basin Adjudication (BRBA) Claim 11-7575 Withdrawal

Dear claimants,

The Idaho Department of Water Resources (IDWR) processed your Request for Withdrawal of Claim with Claim Fee Refunded, attached. While completing the withdrawal process, the department found that the requested receipt number E033106 is for payment submitted in August, 2007 related to the original statutory claim filing. The department will not refund filing fees for valid and completed non-BRBA submissions.

In addition, the refund request is for \$100.00. However, the paid filing fees also cover the variable acreage fee that is required for separate overlapping claims 11-7637 and 11-7639. Because of this, the maximum fees that may be refunded are \$54.00.

Currently, the department successfully processed the BRBA claim withdrawal but did not approve refunding fees. No further action is needed if you do not seek a refund. If you seek a fee refund for filing fees paid in the BRBA, a new request must be submitted to IDWR that contains the correct receipt number. The receipt number identified on claim 11-7575 is P000478 paid by check from Destry Hayes on October 6, 2023. If this is correct, this receipt must be requested. If this is not correct, the correct receipt must be requested.

If you choose to resubmit the request, please mail the completed form back to my attention at 325 E 600 S Suite 300, Preston, ID 83263. Feel free to contact me if you have any questions. My telephone number is (208) 701-7201 and my email is christopher.holmes@idwr.idaho.gov.

Sincerely,

Christopher Holmes
Water Resource Supervisor

Form 25a – Fee refunded

Request for Withdrawal of Claim with Claim Fee Refunded

IDWR/Preston

Name of Claimant(s): Chad Hayes, Travis Hayes, Destry Hayes, Tyson Hayes

Mailing Address: 3844 E 137 N Rigby ID 83254

Claim No(s): 11-7575

Receipt No. E033106 Amount \$100

Reason for Request: We are withdrawing the statutory claim # 11-7575 as it was determined not needed. Statutory claim # 11-7575 was filed by our parents . Milt and Carol Hayes on 7-11-2007 . Milt and Carol thought the statutory claim # 11-7575 was needed to be seperate from the decreed water right # 11-7639. As part of the Bear River adjudication process starting in 2023, it is realized the water associated in the statutory claim 11-7575 is one in the same as the original decreed water right # 11-7639 of which Milt and Carol owned.

I/We wish to withdraw the Notice(s) of Claim to a Water Right which number(s) appear above, and request a refund of the filing fee.
