**Conditions of Approval:**

1.            C18            This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
2.            R05            Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. As of February 7, 2003 this water right is within State Water District No. 01.
3.            R64            This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
4.            F01            Water is delivered through Great Western Canal.

**Comments:**

1            jbailey            11/17/2025            Ownership Change  
Water right 1-195P was split into 1-195P and 1-10737.
