I am concerned that this POD change will injure my water rights in the following manner:

1. The removal of the Ambrose diversion flow rate will reduce the carry water in the ditch, negatively affecting the delivery of water to the other water users on the ditch. This issue may be exacerbated by the installation of a measuring device at the POD.

(Additional pages may be attached to describe the basis of your protest.)

Identify any review criteria that are not a basis for your protest:

I am not addressing any other review criteria as a basis for my protest.

5. ☒ Check here if Protestant and Representative will accept service of documents by email at the email address(es) listed under Item #2 and #3 above.

I acknowledge that if I, or my designated representative, fail to appear at any regularly scheduled conference or hearing in the matter, of which I have been properly notified, the Department may issue a notice of proposed default against me in this matter for failure to appear. **I also verify that I have served a copy of this protest upon the applicant.**
