Subject: Bear River Adjudication Irrigation Claim Map
Attachments: 11-2100.pdf; 11-2100_Blank.pdf

Dear Claimant,

We are currently reviewing your irrigation water right adjudication claims 11-2100 and 11-8047. While reviewing, we noticed that your enlargement claim, 11-8047, for 8 acres overlapped with the 5 acres in the irrigation license attached to it, 11-2100. I have attached a map that I prepared based on by best interpretation of your maps and a blank map. Please let me know if the one I created is accurate to your irrigation use. If it is not, please use the blank map provided to mark on where the licensed 5 acres and 8 enlargement acres are occurring.

Let me know if you have any questions, and feel free to call our office using the number below.

Best,

Justin Edgel
