MINIMUM REQUIREMENTS CHECKLIST
TO BE SUBMITTED WITH APPLICATION FOR TRANSFER

An application for transfer must be prepared in accordance with the minimum requirements listed below to be acceptable to the Department. Incomplete applications will be returned. The instructions, fee schedule, Part 2A reports and additional Part 2B forms are available from any Department office or on the Department's website at idwr.idaho.gov.

Name of Applicant(s) City of HaileyCheck whether each item below is *attached* (Yes) or *not applicable* (N/A) for the proposed transfer.Yes N/A * Means the item is always required and must be included with the application.

- ☒ * Completed Application for Transfer of Water Right form, Part 1.
- ☒ * Signature of applicant(s) or applicant's authorized representative on Application for Transfer Part 1. Include evidence of authority labeled Attachment #3 (see below) if signed by representative.
- ☒ * Application for Transfer Part 2A. Attach a Part 2A report describing each water right in the transfer as currently recorded.
- ☐ ☒ Complete and attach an Application for Transfer Part 2B for each water right for which only a portion is proposed to be changed through this transfer application.
- ☒ * Application for Transfer Part 3A is always required (see Attachment #7a below); Parts 3B and 3C must be completed for transfer applications proposing to change the nature of use of the water right(s) or proposing changes to supplemental right(s).
- ☒ * Correct fee submitted with transfer application form. (Fee schedule is on website and instructions for application for transfer.)

Attachments to Application - Label each attachment with the corresponding number shown below as Attachment #1-10.

- ☐ ☒ #1 If the applicant is a business, partnership, organization, or association, and not currently registered in the State of Idaho as a business entity, attach documentation identifying officers authorized to sign or act on behalf of right holder. (See Part 1.)
- ☐ ☒ #2a Water Right ownership documentation if Dept. records do not show the applicant as the current water right owner. **
- ☐ ☒ #2b If the ownership of the water right will change as a result of the proposed transfer to a new place of use, attach documentation showing land and water right ownership at the new place of use. Include documentation for all affected land and owner(s).**
** Additional fee(s) required for water right ownership changes; see fee schedule.
- ☐ ☒ #3 Documentation of authority to make the change if the applicant is not the water right owner.
- ☐ ☒ #4 Power of Attorney or documentation providing authority to sign or act on the applicant's behalf. (See Part 1.)
- ☐ ☒ #5 If the transfer application proposes to change the point of diversion for a water right affecting the Eastern Snake Plain Aquifer (ESPA), attach the results of an ESPA analysis and a detailed mitigation plan to offset any depletions to hydraulically connected reaches of the Snake River. ESPA transfer spreadsheet and model grid labeled cells are available on the Department's website at <https://idwr.idaho.gov/water-rights/transfers/resources/>.
- ☐ ☒ #6 Notarized statement of agreement or a statement on official letterhead signed by an authorized representative from each lien holder or other entity with financial interest in the water right(s) or land affected by the proposed transfer. (See Part 1.5.c.)
- ☒ * #7a Attach a map identifying the proposed point(s) of diversion, place(s) of use, and water diversion and distribution system details as described on the application. Include legal description labels. If only a portion of the right is proposed to be changed, identify the current location of the part of the existing right(s) proposed to be changed. (See Part 3A.)
- ☒ ☐ #7b If the transfer application proposes to change the place or purpose of use of an irrigation right attach a Geographic Information System (GIS) shape file, or an aerial photo or other image clearly delineating the location and extent of existing acres and changes to the place of use. If some or all of any right is leased to the Water Supply Bank, you must also show the the specific location and/or acres to be idled at the new, proposed place of use to satisfy lease requirements.
- ☒ ☐ #8a If the transfer application proposes to change the nature of use or period of use for one or more rights, provide documentation describing the extent of historic beneficial use for the water rights proposed to be transferred and document how enlargement will be avoided. (See Part 3B.) Additional fee required for proposed changes to nature of use; see fee schedule.
- ☐ ☒ #8b If the transfer application proposes to change the place of use of a supplemental irrigation right, provide documentation regarding the historic use of the supplemental right(s) and availability or reliability of the primary right(s) being supplemented, both before and after the proposed change. (See Part 3C.)
- ☒ ☐ #9 Water Supply Bank information for all rights proposed for transfer and currently leased to the Bank. (Attachment WSB)
- ☒ ☐ #10 Other. Please describe: IDWR's 10-31-2017 review memo for transfer #81494 regarding primary ground water use.

Signature of Applicant or Authorized Representative Print Name and Title if applicable Date

A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☒ Add diversion point(s) ☒ Change place of use
☒ Change nature of use ☒ Change period of use ☐ Other _____

2. Is this a transfer for changes pursuant to Idaho Code §42-221.O.8?
If yes, ☐ attach an explanation and any supporting documentation labeled as **Part 1A.2**.

3. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.3**.

Applicant proposes (1) changing the nature of use from seasonal irrigation to year-round municipal use, (2) changing the point of diversion to the applicant's integrated municipal well system, (3) adding an additional point of diversion for a new well, and (4) changing the place of use to the applicant's municipal service area.

APPLICATION FOR TRANSFER OF WATER RIGHT
PART 1 Continued

5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future:
All existing wells divert into an integrated municipal water distribution system and are equipped with
totalizing flow meters. The proposed well will be equipped accordingly.
- b. Who owns the property at the point(s) of diversion? City of Hailey
 If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?
If yes, ☐ attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it **Attachment #6**. List the name of the entity and type of lien: _____

 It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.
- d. Are any of the water rights proposed for transfer currently leased to the Water Supply Bank?
If yes, ☒ complete Attachment WSB.
- e. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:
n/a
- f. Describe the use of any other water right(s) for the same purpose or land, or the same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:
Current: 37-23031
Proposed: 37-296A, 37-717A & B, 37-1216, 37-2698, 37-2699, 37-8837, 37-22670, 37-22671,
37-7305 (associated municipal water rights).
- g. To your knowledge, has/is any portion of the water right(s) proposed to be changed:
Yes No
☐ ☒ undergone a period of five or more consecutive years of non-use,
☒ ☐ currently leased to the Water Supply Bank,
☐ ☒ currently used in a mitigation plan limiting the use of water under the right, or
☐ ☒ currently enrolled in a Federal set-aside program limiting the use of water under the rights?
If yes, describe:

Conditions of Approval:

1. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.
2. Use of this right is combined with water from Hiawatha Canal.
3. This right is licensed right 37-2659.

Transfer Narrative City of Hailey Water Right 37-22019

This Application for Transfer incorporates water right 37-22019 into the Applicant's municipal water right portfolio. Changed water right elements include place of use, points of diversion, and nature of use. The place of use is changed from historically irrigated fields to the applicant's municipal service area. The point of diversion is changed from the "Cemetery Well" to the applicant's integrated municipal ground water system consisting of six existing wells and an additional new well proposed on City parcel RPH054200000F0 located in the NWNW, Section 10, T2N, R18E. The nature of use is changed from irrigation to municipal.

Water right 37-22019 is leased to the Idaho Water Supply Bank until December 31, 2025 under Contract 1273. This transfer does not change Water Supply Bank status and Applicant intends to continue the lease through the contract period.

Water right 37-22019 authorizes 8.78 cfs and 1,593.5 afa diversion of groundwater for irrigation of 455.3 acres. To prevent enlargement through the transfer process, the transferred volume is limited to the historic irrigation consumptive volume as documented in Transfer Attachment 8A.

The "Cemetery Well" authorized for irrigation use under water right 37-22019 is also authorized for irrigation use under Hailey Cemetery Maintenance District's water right 37-23031. Post-transfer, the Cemetery Well will serve only water right 37-23031 for irrigation of Hailey Cemetery.

Water right 37-22019 includes the following condition:

"Use of this right is combined with water from Hiawatha Canal."

Information provided by the City during processing of Transfer 81494 established irrigation use under water right 37-22019 as primary and not supplemental. As a result, the condition was excluded from resulting water right 37-23031. Included as Attachment 10 is the Department's 10/31/2017 review memo approving the City's supporting information. Upon transfer approval, Applicant requests the condition be removed from water right 37-22019.

Per Idaho Code 42-202B (9), applicants also wish to update their municipal service area to include recently annexed lands. The proposed pou shown in Transfer Attachment 7A & 7B represents the applicant's current service area. GIS shapefiles for the updated service area will be made available upon request.

APPLICATION FOR TRANSFER OF WATER RIGHT ATTACHMENT WSB: TRANSFERRING WATER RIGHTS LEASED TO THE WATER SUPPLY BANK

Approval of a transfer application will not impact the terms of a Water Supply Bank Lease Contract. Any transferred water right or portion of a water right that is leased to the Water Supply Bank (Bank) shall remain unused while the lease is active.

If the transfer proposes to relocate the place of use of an irrigation water right, and the relocated acres include land currently idled due to a Bank lease contract, the applicant is required to identify the areas that will be idled at the new place of use for the duration of the lease contract. The acres to be idled should be clearly identified on the map created for Attachment 7B of the transfer application. The applicant should confirm the map is attached when completing the table below. If the leased portion of the place of use is not proposed to be relocated, a map is not required.

A Bank lease contract shall remain in effect until it expires, a new lease proposal is processed to replace it, or the water right is released from the Bank through written confirmation issued by the Water Resource Board. If the proposed transfer is approved, the water right owner will be provided sufficient time to allow the lease contract to expire before beneficial use of water at the new place of use will be expected. Meanwhile, water rights leased to the Bank are protected from forfeiture for the duration of the lease contract.

Water right owners who would like to adjust the terms of their lease contracts can either submit a new lease proposal on an [Application to Lease a Water Right to the Water Supply Bank](#) form, or they can request early termination of their lease contracts by completing a [Request to Release a Water Right from the Water Supply Bank](#) form. If a water right is leased to the Bank, and it is currently being rented from the Bank, the lease cannot be reduced or terminated until the rental agreement concludes. A request to release a water right or to submit a new lease application should be sent to the Department's state office. To find out if there are any rentals associated with a leased water right, please call a Bank representative at the Department at 208-287-4800.

In the table below, please provide the requested information for any water right that is both proposed for transfer and leased to the Bank. The information needed to complete this table can be found in your Bank lease contract. A copy of your lease contract can be obtained using the 'Search Water Rights' option on the Department's internet page at www.idwr.idaho.gov or by contacting any Department office.

Water Right Number	Lease Contract Expiration Date	Water Right Quantities Leased to the Bank			Map Attachment 7B Clearly Identifies Idled Place of Use at New Location

					Attached? ☐ or No Change ☐
					Attached? ☐ or No Change ☐
					Attached? ☐ or No Change ☐

Is the ownership of the water right(s) leased to the Bank being changed? ☐ Yes ☒ No

- ☐ If yes and there are multiple owners, attach a [Lessor Designation](#) form.
☐ If yes, the individual owner or designated lessor must complete, sign and attach an [IRS Form W-9](#).

Additional Information:

Applicants will request right be released from the Bank upon transfer approval or if rented, upon conclusion of rental agreement.

Agency Use Only: Personnel processing transfer applications should forward a copy of this attachment, the original Lessor Designation form and/or IRS Form W-9, if received, to the State Office.

MEMORANDUM

TO: Transfer # 81494 File

FROM: Corey Skinner

DATE: October 31, 2017

SUBJECT: Review and Approval

Transfer # 81494 proposes splitting off a 0.36 cfs and 18.8 acre portion of water right 37-22019 and changing the place of use. The application was originally approved on May 30, 2017, but a petition for reconsideration was filed on June 13, 2017. The petition and conversations with the applicant's consultant indicated that the main item of concern related to the "surface water combined use conditions" (the following conditions) being implemented as part of the approval...

- *Use of this right is combined with water from Hiawatha Canal.*
- *The right holder shall make full beneficial use of all surface water available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right for land with an appurtenant surface water right(s) to those times when the surface water supply is not available or reasonably sufficient to irrigate the place of use authorized under this right.*

Right 37-22019 was decreed in the SRBA as an irrigation right for the irrigation of a specific 486 acres. The right was decreed in the names of the City of Hailey and the Hailey Cemetery Maintenance District. The specific 486 acre place of use for right 37-22019 is located within the service area of the City of Hailey's municipal water rights. The water right record prior to the transfer included the following condition...

- *Use of this right is combined with water from Hiawatha Canal.*

This particular condition was carried forward as part of the transfer approval on the portion of the right being transferred along with the other surface water/supplemental condition.

Examination of the City of Hailey's water right records indicates that they have one right from the Big Wood River (delivered via the Hiawatha Canal), 37-10717, that potentially overlaps the 37-22019 place of use. Right 37-10717 was decreed for municipal use within the City of Hailey service area, meaning it can be used anywhere within the city's service area.

During conversations with the applicant's consultant, it was indicated that Hiawatha (Big Wood River) water was never used in connection with right 37-22019. I indicated that if they could demonstrate that right 37-10717 (the only potential right that would warrant the Hiawatha water condition) was used somewhere else in the city and not on the 37-22019 place of use the Department would consider removing the supplemental conditions on the portion of the right being transferred. They indicated that they were confident they could provide information indicating that right 37-10717 was not used with 37-22019. I agreed to withdraw the transfer approval (see June 20, 2017 order) to allow them more time to gather the information.

This past month, the applicant's consultant provided information from the City of Hailey indicating that they use their Hiawatha water (37-10717) on three specific parks that do not overlap the 37-22019 place of use. This information seems reasonable since the three locations are located closer to the Hiawatha Canal than the 37-22019 place of use. In addition, it seems prudent for a city to use their surface water on different lands and in a separate system than those served by their groundwater system due to potential water quality concerns with mixing their surface/river water and groundwater.

Based on this new information, it is appropriate to reissue the transfer # 81494 approval without the surface water/supplemental conditions on the portion of the right being transferred.

^b Nongrowing Season: This is usually the time from a killing frost or harvest in the fall to the of green up in the spring. It is not applicable for entries without a growing season.

^c Mean of the average daily value for month

^d Mean of the fourteen 15-day period averages contained in the month

^e Mean of the twenty three 7-day period averages contained in the month

^f Mean of the twenty seven 3-day period averages contained in the month

^g Mean of the highest/lowest 15-day period average in month

^h Mean of the highest/lowest 7-day period average in month

ⁱ Mean of the highest/lowest 3-day period average in month

^j This value represents the *mean value* for the parameter for the month over the 'normal' period of record. Generally, the 'normal' period is the last thirty years with data.

^k This value represents the *standard deviation* for the parameter for the month over the 'normal' period.

^l This value represents the *value* for the parameter that has a 20% chance of being exceeded that month during any particular year. Conversely, there is an 80% chance that the parameter value will be less than the *value* shown.

^m This value represents the *value* for the parameter that has a 80% chance of being exceeded that month during any particular year. Conversely, there is an 20% chance that the parameter value will be less than the *value* shown.

ⁿ This value represents the *skewness (asymmetry) of the distribution of the parameter values* for the month (year) over the 'normal' period. A value near zero indicates that the distribution approximates a normal (Gaussian) and symmetrical distribution. A negative skew indicates that the parameter distribution has

SCANNED
AUG 11 2023

relatively few low values compared to high values. A positive skew indicates that the distribution has relatively few high values compared to the number of low values. A skew value near 1 indicates that the underlying distribution approximates a lognormal distribution.

^o This value represents the *kurtosis* of the parameter value distribution for the month (year) over the 'normal' period. Kurtosis is a measurement of the height to width ratio of the probability distribution, or the *peakedness (slenderness)*. A normal (Gaussian) distribution has a kurtosis of 3. A high kurtosis distribution has a sharper peak and longer tails, while a low kurtosis distribution has a more rounded peak and shorter tails.

This work and report were prepared by the University of Idaho Research and Extension Center at Kimberly, Idaho under contract with the Idaho Department of Water Resources. Work was supported by funding from IDWR and the Idaho Agricultural Experiment Station and Idaho Engineering Experiment Station. The authors gratefully acknowledge the long-term evapotranspiration data collection and long-standing advice provided by Dr. James L. Wright, USDA-ARS Kimberly (ret.), the more than two decades of high quality agricultural weather data collection by the U.S. Bureau of Reclamation AgriMet system, and the very long-standing, routine data collection by the hundreds of cooperative weather station volunteers across the state who, for more than one-hundred years, have faithfully observed daily air temperature and precipitation.

**NOTICE OF PUBLIC HEARING
PROPOSED RESERVE OF
FORGONE PROPERTY TAXES
CITY OF CAREY, IDAHO**

A public hearing, pursuant to Idaho Code 50-1002, will be held for consideration of the proposed reserve of forgone property taxes for the fiscal year October 1, 2023 to September 30, 2024. The hearing will be held at Carey City Council Chambers, 20482 N. Main St., Carey, Idaho at 7:00pm on August 21, 2023. All interested persons are invited to appear and show cause, if any, why such reserve should or should not be adopted. City Hall is accessible to persons with disabilities. Anyone desiring accommodations for disabilities to the public hearing please contact the City Clerk's Office, 208-309-1445 at least 48 hours prior to the public hearing.

A complete description is available to the public on request to cityclerk@cityofcarey.org Any and all persons

may register comments, protests, or agreements on the hearing subject being considered. Oral testimony concerning this proposal may be offered at the public hearing. Council may limit oral testimony. Written testimony must be received by cityclerk@cityofcarey.org at least 2 days prior to the hearing and shall be considered public record.

**NOTICE OF PUBLIC HEARING
Hailey Planning and Zoning
Commission
Monday, September 5, 2023
5:30 p.m.**

PUBLIC NOTICE IS HEREBY GIVEN that the Hailey Planning and Zoning Commission will hold a Public Meeting at 5:30 p.m. on Monday, September 5, 2023, to be held in person, and virtually as a remote telecommunication meeting, and in compliance with the Open Meetings Law. The Virtual Meeting information is available on the city website. The city strives to make the meeting available virtually but cannot guarantee access due to platform failure, internet interruptions, or other potential technological malfunctions. The Public Hearing will be conducted on the following item(s):

- Consideration of a Planned Unit Development (PUD) concept by Darin and Kathleen Barfuss for the proposed Star Light Lane Subdivision on Tax Lot 7731 (Hailey Fr S1/2 T1 7731 & T1 7732 Sec 16

2N 18E) at the intersection of Silver Star Drive and Broadford Road in the Limited Residential (LR-2) Zoning District. The Applicant has drafted a PUD Agreement and Preliminary Plat Application, including five (5) single-family lots ranging in size from 9,562 square feet to 12,027 square feet. The Applicant is proposing a Community Housing amenity of two (2) single-family homes in exchange for waivers to the requirements for:

- Reduce the minimum lot size of the LR-2 Zoning District.

- Consideration of a Design Review Application by Trent and Kristy Heltzman for a new 1,736 square foot addition to an existing residence which includes an 872 square foot master bedroom, a 576 square foot garage with 288 square feet of storage above the proposed garage. This project is located at 214 N 2nd Avenue (Lot 18A, Block 47, Townsite) within the General Residential (GR) and Townsite Overlay (TO) Zoning Districts.

- Consideration of a Design Review Pre-Application by Williams Family Trust for a new multi-family development consisting of ten (10) town homes, to be located at 111 Empty Saddle Trail (Lot 1, Block 1, Saddle River Subdivision) within the Business (B), Downtown Residential Overlay (DRO), and Townsite Overlay (TO). This project is to be known as RVR North.

Please submit written comments or direct questions to the Community

Development Department at 115 South Main Street, Hailey, Idaho 83333, or by email to planning@haileycityhall.org. For special accommodation or to participate in the noticed meeting, please contact the City Clerk 208.788.4221.

**LEGAL NOTICE ADVERTISEMENT
FOR BLAINE COUNTY REQUEST
FOR PROPOSALS:**

In accordance with Idaho Code, Title 67-2806, a Request for Proposal shall be made pursuant to an open competitive sealed bid process with the procurement to be made from the qualified bidder complying with prescribed bidding procedures and meeting the specifications for the services to be procured, at the best value, as determined by Blaine County.

Proposals will be received by the Blaine County Clerk's Office located at 206 South First Avenue, Suite 200, Hailey, ID 83333, until 5:00 pm, local time, on Thursday, September 21, 2023, for the engagement of a qualified transportation safety and planning consultant to lead an integrated planning effort to develop a comprehensive Safety Action Plan based on a Safe System Approach. To answer this RFP, interested consultants must submit three (3) sealed hard copies of the proposal. Electronic submissions will not be accepted. All envelopes and emails related to this RFP are to be clearly marked: "Safe Streets for All Consultant RFP" and "RFP-2023-BCSP-001" on the face of the envelopes, or the email subject line, as appropriate. Bids will be opened and read during The Blaine County Board of Commissioners Meeting on Tuesday, October 3, 2023. The bid is expected to be awarded by Tuesday, November 7, 2023.

Email all questions to CountyClerk@co.blaine.id.us. Verbal questions will NOT be accepted. The Request for Proposal document is available for download in "Request for Proposals" on the County's website: <http://www.blainecounty.org>. Locate the Doing Business tab on the homepage and navigate to Bid Opportunities to view the Request for Bid package.

**NOTICE OF PROPOSED CHANGE
OF WATER RIGHT
TRANSFER NO. 88292**

CITY OF HAILEY, 115 S MAIN ST STE H, HAILEY, ID 83333-8408 has filed Application No. 88292 for changes to the following water rights within BLAINE County(s): Right No(s). 37-22019; to see a full description of these rights and the proposed transfer, please see <https://research.idwr.idaho.gov/apps/water-rights/querynewtransfers>. The purpose of the transfer is to change a portion of

the above rights as follows: Application proposes changing the points of diversion, place of use, nature of use and period of use for a 455.3 acre, 8.78 cfs irrigation ground water right. Current place of use and point of diversion are located east of the Friedman Memorial Airport and Hwy 75 in south Hailey. The proposed change of nature of use will be from irrigation to municipal use and will be diverted from the City of Hailey's network of six municipal wells and the place of use will be the city's municipal service area. A seventh proposed new well will be located in the NWNW of Section 10, Township 02N, Range 18E.

For additional information concerning the property location, contact Southern Region office at (208)736-3033. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222. Any protest against the proposed change must be filed with the Department of Water Resources, Southern Region, 650 ADDISON AVE W STE 500, TWIN FALLS ID 83301-5858 together with a protest fee of \$25.00 for each application on or before September 5, 2023. The protestant must also send a copy of the protest to the applicant.

RE: Transfer No. 88292
Water Right No(s). 37-22019

Dear Applicant(s):

The Department of Water Resources has received your water right transfer application. Please refer to the transfer number referenced above in all future correspondence regarding this transfer.

A legal notice of the application has been prepared and is scheduled for publication in the **IDAHO MOUNTAIN EXPRESS on 8/16/2023 and 8/23/2023**. Protests to this application may be submitted for a period ending ten (10) days after the second publication. Any protest against this application must be filed with the Department of Water Resources, together with a protest fee of \$25.00 for each application, on or before **September 5, 2023**.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the approval document.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Maline

Re: Transfer No(s). 88292 (City of Hailey)

Dear Sunny:

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from you regarding the above referenced water right application. You can find a copy of the application at:

<https://idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>. Please review the application, then complete the enclosed recommendation form and return it to this office within 21 days of the date of this letter.

If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the watermaster, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

Sincerely,

Denise Maline

RE: Transfer No. 88292
Water Right No(s). 37-22019

Dear Legal Notice Department:

Please publish the enclosed legal notice on the dates indicated (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before **September 5, 2023**. Your cooperation is appreciated.

Sincerely,

Denise Maline

Denise Maline
Administrative Assistant

Enclosure(s)

**NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 88292**

CITY OF HAILEY, 115 S MAIN ST STE H, HAILEY, ID 83333-8408 has filed Application No. 88292 for changes to the following water rights within BLAINE County(s): Right No(s). 37-22019; to see a full description of these rights and the proposed transfer, please see <https://research.idwr.idaho.gov/apps/waterrights/querynewtransfers>. The purpose of the transfer is to change a portion of the above rights as follows: Application proposes changing the points of diversion, place of use, nature of use and period of use for a 455.3 acre, 8.78 cfs irrigation ground water right. Current place of use and point of diversion are located east of the Friedman Memorial Airport and Hwy 75 in south Hailey. The proposed change of nature of use will be from irrigation to municipal use and will be diverted from the City of Hailey's network of six municipal wells and the place of use will be the city's municipal service area. A seventh proposed new well will be located in the NWNW of Section 10, Township 02N, Range 18E.

For additional information concerning the property location, contact Southern Region office at (208)736-3033. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222. Any protest against the proposed change must be filed with the Department of Water Resources, Southern Region, 650 ADDISON AVE W STE 500, TWIN FALLS ID 83301-5858 together with a protest fee of \$25.00 for each application on or before **September 5, 2023**. The protestant must also send a copy of the protest to the applicant.

Subject: Leased Water Right in Transfer Application
Attachments: Transfer #88292 City Of Hailey.pdf

Mary,

The city of Hailey has submitted a transfer for water right 37-22019 which is leased to the WSB until 12/31/2025. The application is seeking to change the nature of use from irrigation to municipal. Through the change of nature of use process, the volume of this right will be reduced from 1593.5 af to 842.5 af. The applicant intends to keep the right leased to the bank until the lease expires. I will be forwarding this application for advertising in the 3rd and 4th weeks of August. I have attached the transfer application for your convenience,

Sincerely,
Bill Mills

MEMORANDUM

Date: August 9, 2023
To: Transfer 88252
From: Bill Mills
Re: Transfer Proposal

Application proposes changing the points of diversion, place of use, nature of use and period of use for a 455.3 acre, 8.78 cfs irrigation ground water right. Current place of use and point of diversion are located east of the Friedman Memorial Airport and Hwy 75 in south Hailey. The proposed change of nature of use will be from irrigation to municipal use and will be diverted from the City of Hailey's network of six municipal wells and the place of use will be the city's municipal service area. A seventh proposed new well will be located in the NWNW of Section 10, Township 02N, Range 18E.

All wells and POU's in this transfer are located within water District 37. Watermaster comments will be solicited.

MEMORANDUM

Date: August 9, 2023
To: Transfer 88292
From: Bill Mills
Re: Fee Evaluation

Filing fees charged for transfer application #88292 were based on the current transfer fee schedule and included \$1060.00 for the 8.78 cfs being transferred in the application and included an additional \$250.00 for the proposed change of nature of use, making the total fee \$1310.00 (\$1310.00 paid Receipt No.W051400).

Lori,
In discussing this transfer with Corey this morning, it came to our attention that not every well in the city of Hailey's network of municipal ground water wells is reflected on the city's other ground water municipal rights. So, Corey wants a transfer to add all seven wells (which includes the proposed well) identified as part of the network in this transfer to add all the wells to the city's other municipal ground water rights before he will approve this transfer. Once I have the clarification I requested earlier (map and application list the proposed well in different locations), I can proceed with sending this transfer application to advertising or I can hold off until we have a second transfer application updating the PODs for all of the city's municipal ground water rights. It's completely up to you and your clients as to how I should proceed with the advertising of this application. Feel free to call me or Corey regarding this issue,

Sincerely,
Bill

Attached per your request Bill. City of Hailey agreed to use turf grass ET data for calculating historical consumptive volume. I think I found CAD drawings that will help you with the Ulmer Ln BUFE. I'll send shortly.
