3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. 8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37N.

MEMORANDUM FOR WSB LEASE APPLICATION # 2738

To: Water Right No(s). 37-1217

From: Skyler Cheever, Water Resource Agent

Date: 11/7/2023

Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE:

Application 2738 was sent in by Raymond Thomas Goodrich and received on August 31st, 2023, with the correct fee payment received the same date. The application proposes to lease the entirety of water right 37-1217 into the water supply bank from 2024-2028. The point of diversion is within The Snake River Basin Moratorium Area and Trust Water Area. This application is likely intended to renew contract 986 which is set to expire on December 31st, 2023.

AUTHORITY TO FILE:

Raymond Thomas Goodrich signed the application. Mr. Goodrich has the authority to file this agreement because he is the current owner of water rights 37-1217, along with Rebecca Patton according to Department records. Attachment 1A designates Mr. Goodrich as the designated Applicant.

WATER RIGHT VALIDITY:

Water right 37-1217 was decreed in 2010. The right was leased into the water supply bank in 2014-December 31st, 2023. Any water right leased into or rented from the water supply bank is likely within a valid defense to forfeiture according to Idaho Code §42-223(5). Therefore, enough evidence is available to the bank to conclude water right 37-1217 is likely not lost forfeiture and can be leased into the water supply bank.

ENLARGEMENT OF USE:

There are no other water rights with the same beneficial use that overlap the proposed place of use or point of diversion. Therefore, there are no current enlargement concerns.

LOCAL PUBLIC INTEREST:

Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

The point of diversion is within basin 37 and Water District 37N. The Watermaster and Southern Regional Manager were contacted for comment on November 20th, 2023. No response was received, it is assumed there are no concerns with the applicant's proposal.
