 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

To: Water Right 73-11988

Date: April 15, 2024

Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE: Bar G Farms Enterprises submitted a renewal application on November 22, 2023. The proposed lease is the full water right (7 Acres, 0.14 cfs, 24.5 AF) for 5 years starting in 2024 and ending on December 31, 2028. The water right has been leased to the Water Supply Bank (WSB) in 2019. The lease application is a renewal package as part of the rental from IDWR for minimum streamflow maintenance.

AUTHORITY TO FILE: The application was signed by Billy Gydeson. Billy is one of the three trustees of the Bar G Farms Enterprises and is the owner of the water right. The designated name for the applicant is Bar G Farms Enterprises, however, the name on the W-9 is Bar G Farms Enterprises Trust. The same information has been provided and allowed multiple times in the Water Supply Bank. There are no concerns with authority.

WATER RIGHT VALIDITY: The water right was decreed in 2010 and has been in the bank since 2015. The 5 years of unprotected time have not elapsed since the decree. The applicant wants to continue leasing the water right through 2028. No concerns with the validity of the water rights and portion offered to the bank.

INJURY TO OTHER WATER RIGHTS: A lease of this water right would not cause injury to other water rights. Proper review to prevent injury if rented.

ENLARGEMENT OF USE: There are no overlapping irrigation water rights and no enlargement is evident through the lease. No issue leasing the water right

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The lease point of diversion is subject to Water District No 73. The Eastern Regional Office was contacted for comments or concerns.
