Hi Beth,

While continuing to review the claim to a water right 11-2145 with your new map, there is one piece of information that I need and something else to note.

1. The license for this water right has a point of diversion in the NWSW portion, but on the map that you provided it is on the NESW portion. Please describe this historical change in diversion and the year that it occurred.

2. The portion of your place of use that crosses into the NESW portion will not be recommended on this water right. A separate claim to a water right must be filed and described as an “enlargement” of the license 11-2145 since it is over the 13 acres provided by this license.

If you need any help or elaboration on this please feel free to email back, call our office, or schedule an in-person appointment.

Best,

Justin Edgel

Hi Beth,

Thank you for sending the map, I will add it to the water right claim file and continue with my review.

Best,

Justin Edgel

Justin,

Please see the attached place of use map with point of diversion for claim number 11-2145.
Let us know if additional information is needed.

Thank you,

Beth Steele

RESPONSE DEADLINE DATE: January 2nd, 2026

Dear Representative,

Idaho Department of Water Resources (IDWR) has received your water right adjudication claim number 11-2145. After reviewing your claim, these items need to be addressed:

1. Place of Use Map: The map provided with this water right claim shows a place of use with ~36 irrigated acres. This does not match the 13 irrigated acres claimed. Please provide a map that highlights the 13 acres where irrigation is occurring and the point of diversion.

Included is a copy of the online water right claim 11-2145.

If you would like to contact me, my telephone number is (208) 701-7203 and my email is justin.edgel@idwr.idaho.gov. If I do not hear from you or receive a map by January 2nd, 2026, your claim may be recommended as disallowed.

Sincerely,

Justin Edgel

Water Resource Agent
