Duplicate this worksheet once for each claim.

Has companion enlargement claim temporarily numbered 11-CCCC

Each claim submitted must include the filing fee. The filing fee for domestic and/or stockwater use claims diverting less than 13,000 gallons of water per day is \$25.00. However, if you are filing more than four (4) claims in which the only purpose of use listed is stockwater, only the first four (4) claims require the \$25.00 filing fee. All additional stockwater claims are fee exempt once the \$100.00 in filing fees has been paid for the first four (4) stockwater only claims filed after July 1, 2017.

The flat fee for filing all other claims filed is \$50.00 per claim. An additional variable filing fee based upon acreage, power generating nameplate capacity, cubic feet per second (cfs) amount, or an equivalent volume of storage water is required for claims for water uses other than domestic and/or stockwater uses diverting less than 13,000 gallons of water per day. Use Table 3 to calculate the variable fee. Add the calculated variable fee to the \$50.00 flat fee to determine the total fee for the claim. The exceptions are fire protection or ground water recharge which have a \$50.00 flat fee, and no variable fee.

Examples for a single claim to a water right with single source and same priority date:

Single family domestic and stockwater use, less than 13,000 gallons per day in total	\$25.00
100 acres irrigation, domestic and stockwater as above	\$150.00
Fish propagation, 4.2 cfs	\$92.00
Multiple family domestic, 1.6 cfs, irrigation of yards and gardens, 14 acres	\$224.00

TABLE 3. VARIABLE FEE SCHEDULE

	\$1.00 per acre	Each acre is charged only once.
Irrigation	\$3.50 per kilowatt of capacity	Manufacturer's nameplate rating, or \$250,000.00, whichever is less.

Municipal, industrial, commercial, mining, heating, cooling	\$100.00 per cfs	
Public instream flow, public lake level maintenance, wildlife	\$100.00 per cfs
