Subject: Notice of Claim to a Water Right

Good afternoon Mr. Adams!

After we spoke on the phone yesterday about the Change in Water Right Ownership you submitted, I stayed a little after work and was looking at the map you sent in with it. According to the map, It shows property in Basin 63 that is located in Boise county. But the Change in Water Right Ownership that you submitted was for a parcel located in Bonner county. I'm not sure which parcel you were meaning to claim since the Personal Representative's Deed did not have the legal description with it.

If you are trying to claim the water rights in Boise county, that one will have to be done on a new Change in Water Right Ownership form and the water right numbers are 63-312A (for Irrigation and Stockwater use from Clear Creek) & 63-15262 (for Domestic and Stockwater use from a well) Please send the completed form with a copy of the Deed with the legal description to the Western office at 2735 Airport Way, Boise ID 83705.

If you are trying to claim the water right number in Bonner county that was on your original Change of Ownership (96-8222), you will need to fill out the Notice of Claim to a Water Right that I sent you and return it to the Northern office at 7600 N Mineral Dr Ste 100, Coeur D Alene ID 83815. Although, I do not see any Deeds listed in the Bonner County Assessors website for this one.

I'm sorry if this created any confusion for you. If you have any questions, please feel free to call me.

Have a great day!
