MEMORANDUM OF UNDERSTANDING

This memorandum of understanding is entered into by and between the State of Idaho Department of Water Resources, hereinafter called the Department and the water users of Water District 01, Upper Snake River, hereinafter called Water District 01 acting through the advisory committee known as the Committee of Nine.

WHEREAS, the statutes of the State of Idaho provide for the Department to administer and supervise the distribution of the waters of the State to those holding valid rights to the use thereto; and

WHEREAS, the Committee of Nine, as advisors to, and elected representatives of, the water users of Water District 01, voted unanimously on December 10, 1977 to recommend that Water District 01 enter into a cooperative program with the Department to provide watermaster services for Water District 01; and

WHEREAS, the Committee of Nine will serve as advisors to the Department in matters relating to the operation of Water District 01:

NOW, THEREFORE, the Department agrees to provide the following services to Water District 01, effective upon signature of this Agreement and upon authorization and adoption of the Agreement and budget to implement the agreement by the regular meeting of Water District 01 on March 6, 1978:

- 1) To provide watermaster and associated services to Water District 01 for the period from the effective date of this Agreement until March 4, 1979, or until the end of any subsequent water district year as agreed to by the water users of Water District 01 at their annual meeting and the Director of the Department. Such watermaster services will be provided under the direction of the Regional Supervisor of the Department's Eastern Region consistent with Chapter 6 of Title 42 Idaho Code.

2) To provide the equivalent of 2/3 of a man year of the Regional Supervisor as watermaster throughout the Water District year and to provide any additional part time or full time employees necessary for the operations of Water District 01.

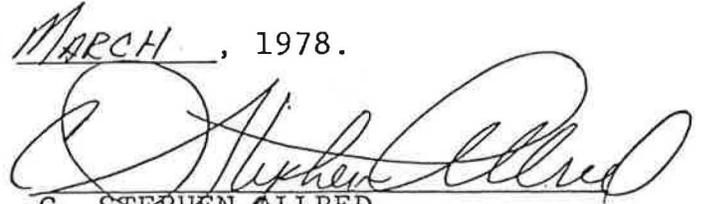

3) To provide office space as necessary for operation of Water District 01 and to provide the Department vehicles for use by full time employees of the Department, to conduct Water District 01 business, and to share the use of other Department equipment and facilities as necessary to equitably distribute the waters to the users within Water District 01.

WATER DISTRICT 01 agrees as follows:

1) To pay to the Department, on an advance basis, sufficient funds to cover the costs of operations incurred in providing watermaster and associated services to Water District 01, provided, however, that reimbursement for the watermaster shall not exceed 2/3 of the personnel costs of the Regional Supervisor, and provided further that all other costs incurred in conducting Water District 01 business will be paid in full. Indirect costs will be paid at the rate utilized by the Department in federal contracts, modified to reflect direct cost identified as a Water District cost. Mileage and per diem costs will be based upon the rate provided by state law for state employees.

Nothing in this Agreement will act to change, modify or release either party of any obligation or responsibility provided by contract or by law.

SIGNED this 5 day of MARCH, 1978.

Dear Water User:

Water District No. 01 has, for many years, financed its operation by borrowing money and then at the end of the season, billing water users for the actual costs. This procedure, beside being inconsistent with the intent of the Idaho Code, is more costly for the water users within the district.

The Committee of Nine has reviewed this procedure and has recommended that Water District No. 01 change its billing procedures to conform to the Idaho statutes. This will mean that in the future the District will estimate, from the past records, the amount of water each company or individual will use during the coming season, and will determine their proportionate cost of the estimated annual budget adopted by the water users at the annual meeting. This amount will be billed to each water user in April. Adjustments for over or under payment will be made each April when the new budget is prepared.

In implementing this new procedure, we have estimated the cost for the coming season and are sending out these bills at this time. We understand that it will not be possible for all water users to pay early this year and, therefore, payment will not be due until December 1, 1978. However, we encourage all water users who have funds available to pay as soon as possible since it will allow the Water District to borrow less money during the season and will result in a lower assessment for the season.

We appreciate your assistance in implementing this change and look forward to working with you during the coming season.

Very truly yours,

RONALD D. CARLSON
Watermaster
