RE: Change in Ownership Water Right No(s): 55-4012

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: water rights are considered real property in Idaho. The Department will need documentation that water right 55-4012 was conveyed from Eleanor L. Smith to Integra Holdings US, Inc. The documents you provided maintain Integra's right to the claim, they do not establish a chain of title for the mining claims or the associated water rights.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to update ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Subject: **Notice of Change in Water Right Ownership**

Dear Jean,

Enclosed on behalf Integra Holdings LLC, is an ownership change notice for water right 63-4012 currently in the name of Eleanor Smith. The water right place of use and point of diversion are located on BLM property for which Integra Holdings LLC holds the unpatented mining claims 16 – 22 as provided and located in the notice attachments. Department records indicate the right was used by the Eleanor's father from 1931 through 1987. NERCO Exploration Company then used the right from 1990-1992 under a mineral lease with option to purchase agreement with Eleanor. In 1993, Kinross Delamar Mining Company acquired NERCO and associated assets (including the lease agreement) and continued utilizing the water right. In 2017 Integra Holdings purchased Kinross and all assets and has continued to utilize the water right for exploration/mining purposes.

The \$25 fee is being paid with credit card upon submittal. Please let me know if there are any questions. Thanks Jean.

Sincerely,

HDR Engineering, Inc.
