Hey McKenna,

That portion of ground is flood irrigation off that main ditch. It is irrigated pasture with high spots and low spots. It gets water multiple times per season. If you have other questions email or call 2086045797.

Thanks Heath.

Good afternoon,

I've been reviewing your Application for Transfer of water right. I attached a pdf map of your place of use and circled an area in the northern section. In that section, what kind of irrigation setup do you have? How often is it irrigated?

Best Regards
