RE: CFPRBA Claim No. 96-11007 renumbered to match license

Dear Claimant,

The Idaho Department of Water Resources has reviewed the Clark Fork-Pend Oreille River Basin Adjudication (CFPRBA) Notice of Claim to a Water Right that you submitted online. The claim this letter is in reference to was submitted for the use of water from Little Sand Creek for domestic and stockwater purposes, and was filed on the basis of a previously issued water right license, no. 96-7487.

During my review of your water right claim, it was found that the water right license you intended to claim (96-7487) had already been claimed by another property owner, which resulted in your online claim being assigned a different number, 96-11007. Per my review of the two properties and the associated water right backfile, it was determined that the other claim was filed erroneously, and water right license 96-7487 is appurtenant to your property you own (tax parcel no. RP00387000026AA). To avoid any future confusion between the adjudication claims and the existing water right on your property, your claim number has been changed to match that license, and the other claim filed on it by mistake was also given its own unique number. **Your new CFPRBA Water Right Claim number is 96-7487.** Please reference this claim number with all future correspondence.

If you have any questions on this matter, please feel free to contact me. I can be reached by phone during business hours at 208-762-2815 or by email at [evan.roda@idwr.idaho.gov](mailto:evan.roda@idwr.idaho.gov).

Best Regards,
