RE: OXFORD IRRIGATION 13R LLC Extension Request Approval Water Rights

The first Request for Extension of Time to File Adjudication Claims (request) identified water rights 13-103 through 13-125, combinations of those water rights, and a beneficial use claim. This request for extension to September 1, 2025 was granted. A second request was received on September 12, 2025 requesting an extension to December 15, 2025 for all water within district 13R.

The second request is approved for the same water rights that was described in the company's first request: water rights 13-103 through 13-125, combinations of those water rights, and a beneficial use claim under the ownership of the company. The first request claimant name was Oxford Creek Irrigation Co. (District 13-R) LLC and the second request claimant name is Oxford Irrigation 13R LLC. The request is by the same individual for the same intended company, but the claimant has been inconsistent in clearly identifying the company name. The active company name according to Idaho's Secretary of State Office is Oxford Creek Irrigation Company (District 13-R) LLC. This approval is pertinent to that company.
