Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-497-3787.

Sincerely,

Jonie Bailly

Jason:

Thank you for your response.

The department is required to update the ownership the way the deed reads , so if there are separate deeds to separate entities a split is required, or an agreement from all parties requesting the ownership be updated into one specific entity or together. For water right 22-15 and 22-45 it appears most of the water right is covered by property owned by Cushman Idaho Ranches LLC, however in the center there is a parcel in the name of Bowen Family Farm LLC. Water right 22-7341 also covers a portion of the same place of use with a concern about a split with Bowen Family Farm LLC. For water right 22-28 and 22-2139 the majority of the property is owned by CIR Land Holdings, however there is a parcel at the very south end in the name of Cushman Idaho Ranches. For 22-2213 in the NWNE Section 35, 5 North, Range 44 East there is a 3-acre parcel in the Albert Tilt that is included with the place of use. The rest of the property is owned by CIR Land Holdings (majority) or Cushman Idaho Ranches LLC. Do you know if Cushman's sold parcels to Bowen Family Farm LLC and/or Tilt? Let me know if you have any additional questions or concerns about the property ownership.

Hi Jonie – we will get you the requested additional information. All of these rights are now owned completely by just one Cushman entity and there is no need to split. We will look into this further and get back with you.

Regarding your question about deeds numbered 225630 and 25637 we will get you the requested information. It is my understanding that those entities merged into Cushman Idaho Ranches LLC. Thus, there are no additional deeds. If my understanding is incorrect, we will get you the necessary documentation. Thanks.

Josh,

To answer your question, water right 22-11799 will not require a split the water rights that will require a split are 22-2139, 22-28, 22-2213, 22-7341, 22-15, 22-45. I have attached the original letter requesting additional information and/or fees for those, along with the letter is a map showing the place of use of the water rights. Please look over the letter and maps and let me know if you have any additional questions or concerns.

Also, on the chain of title deed number 225630 is from Cushman Family Trust to several different parties then I have a release for only portion of those to Cushman Idaho Ranches LLC on deed number 225637. Is there a release for the other individuals?

Thank you, Christina.

One follow-up question for you: in the January 13 notice to Cushman, it says that there are six additional water rights that require a split, hence the additional \$475 fee. Based on my research and understanding, I thought the only water right to be split was 22-11799. All other water rights were/are owned by Cushman. Do you have any insight as to why the other rights are being split?

Thanks again,

Josh Miller

To the Idaho Department of Water Resources:

I write on behalf of Cushman Idaho Ranches LLC ("Cushman"). On January 13, 2026, Cushman received a notice from the Idaho Department of Water Resources regarding the Change in Ownership for Water Right No. 22-11799, a split right held by Cushman and David and Diane Richardson (the "Notice").

For your convenience, we have attached copies of the recorded deeds evidencing the chain of title through the vesting deed confirming Cushman's ownership of its portion of Water Right No. 22-11799.

Cushman will send the remaining balance of \$475.00 to IDWR by check within the timeframe specified in the Notice.

Please let me know if any additional information or documentation is needed. I can be reached at this email address.

RE: Change in Ownership Water Right No. 22-15, 22-45, 22-7341, 22-2139, 22-2213, 22-28

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership/Filing Fee:** When your original applications were filed the filing fee paid was \$300.00, there were 15 water rights listed in total, the filing fee for and ownership change for 15 non-split water rights would be \$375.00 (15X\$25=\$375). During our review we have determined that 6 water rights will require a split, 2 water rights were duplicate. Please review the attached map. Some of these water rights will be split between Cushman Idaho Ranches and CIR Land Holdings LLC, others have a portion of the water right in another entity entirely. Because the original payment was short and split will be required for 6 of the water rights the additional filing fee required to update the ownership is a total of **\$475.00**. (7X\$25=\$175) + (6X\$100=\$600) - \$300 already received is \$475.00.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
