Cassia Creek 43 C

Advisory Board Meeting

Advisory Board meeting was held at Sage Grill in Malta, Idaho at 12:00 noon.

Board members in attendance were : Tom Ottley, Rob Cottle, Brian Kincaide and David Andreason (Water Master) and Dawnette Hutchison (secretary).

2025 minutes was read by Dawnette Hutchison.

David Andreason suggested devices to be put on diversions. Board agreed this would be a good idea. David will look into the price of measuring devices. Board will allow \$500.00 to be spent on gauges. Also that if water user does not have a measuring device when making a water call and water has to be taken from a user that does have a measuring device than water will not be delivered. Discussion on Hank & Zeb situation. Technically each water user must have a device and lock to be in compliance. Board supported this.

Rob suggested that next year late winter (2026) letter be sent that states a water meter must be in place before water user receives water and to have letter be on IDWR letter head. Tom stated that reference be made to IDWR for support .

Brent Sainsbury has asked to be removed from advisory board. It was decided by the board that Carl Boden would be asked to fill position.

2025 Financial report was read by Dawnette Hutchison. It was decided that the same budget of \$19,660.00 be presented in the meeting for approval.

Meeting was adjourned
