Yes. Please just leave Luke.

We haven't used the other parties in years.

Thanks,

CFR

Chris,

Yes, I can help with cleaning up these records and your email has already authorized the Department to remove the obsolete representatives.

Also, The Department considers a representative as someone other than the owner of the company that is authorized by the owner to submit water right applications and associated documentation to the Department on their behalf.

Just for clarification, can we remove attorneys other than Luke Marchant from all your Basin 43 water rights? Robert
Ling is listed on several rights as an attorney, and it is our understanding he has passed away. Roger

Thanks,

Bill

Bill,

Thanks for getting this application out.

I have wanted for a long time to update these representatives on our water rights.

They are all obsolete.

I (Christopher F. Robinson) should be the only representative.

How do we go about changing our records with you to eliminate all of these obsolete names?

While we're at it, we should probably scrub the rest of our Water District 43 water rights, under the following names:

Arimo Corporation, C Bar Cattle Company, Construction, Inc., and FTA II Cold Springs, L.C.

Can you please help us here?

Best,

Chris

Chris,

I have forwarded your application for advertising, and it will run in the Times News the 1st and 2nd weeks of December.

The Department also wanted me to reach out to you concerning some of the contacts listed on your water rights:

Roger

~~Robert D Ling~~ is listed as your attorney on several rights

D Lane Schumann is also listed as a representative on some rights

Ero Resources Corp is also listed as a representative on several rights

Transfer approvals and other related correspondence are also mailed to attorneys and representatives listed on water rights. The Department would like to avoid the time and expense of sending correspondence to those individuals if those contacts no longer represent you or your companies. All we need is an email from you indicating that you would like them removed.

Thanks!

Bill Mills
