Re: Change in Water Right Ownership: 37-8330 (Split into 37-8330 and ***37-23661***)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

After reviewing the conveyance documents provided, the current owners of the split portion (37-23661) of water right 37-8330 are Elizabeth H Collins Personal Residence Trust and Patrick W Collins & Elizabeth H Collins Trust.

In 1988, Boyd R. Sherk conveyed the property appurtenant to a portion of water right 37-8330 to Patrick W. Collins and Elizabeth H. Collins. In 1996, Patrick W. Collins and Elizabeth H. Collins quitclaimed the property to Patrick W. Collins and Elizabeth H Collins Trust. The Patrick W. Collins and Elizabeth H Collins Trust in turn conveyed the property to Patrick W Collins and Elizabeth H. Collins, an undivided 50 % interest each. The Patrick and Elizabeth each conveyed a 50 % undivided interest to their respective trusts, Patrick W. Collins Personal Residence Trust and the Elizabeth H. Collins Personal Residence Trust. The Patrick W. Collins Personal Residence Trust then conveyed to The Patrick W. Collins & Elizabeth H. Collins Trust a 50% undivided interest.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-287-4942.

Sincerely,

Jean Hersley

Jean ,
Please let me know what I need to do to get this resolved. We started the process last September. I received confirmation in December the department had everything needed to process and complete this request. It is now late March. We need to get this completed as we have other actions pending on the property that can't move forward instill this is resolved .
Thank you
Vince

Hi Vincent,

The Department received the form and fee last week, on December 22, 2025.

I will keep you updated and if I find anything that requires your attention or action, I will let you know. However, I don't foresee that being the case with your Change in Ownership.

It may take a few weeks for The Department to get to your Notice, there are a few ahead of yours in the queue.

I hope you enjoy your New Year!

Subject:	RE: Regarding the Received Split Change in Ownership for 37-387C and 37-8330, Elizabeth H Collins Personal Residence Trust
Attachments:	Returned Ownership Change - Elizabeth H Collins Personal Residence Trust.pdf

Zach,

I did receive an email correspondence from Daryl Fauth on 11/20/2025. That email contained attachments that have already been provided to the Department for this change in ownership and they are not sufficient in completing the chain of title for water rights 37-387C and 37-8330. *Also, all electronic documents must be received through our e-file address for proper receiving.* ***That email address is*** *file@idwr.idaho.gov.*

Please note, the Department's role in processing changes in ownership is intaking the necessary form (Notice of Change in Water Right Ownership) and analyzing the submitted supporting documentation to ensure the chain of title for the applicable water rights has been completed. The responsibility of gathering and submitting supporting documentation falls to the applicant.

The Department is returning this Change in Ownership. Please refer to the attachment for the return packet that is being sent to the applicant per IDWR procedure.

The problem is that in 2011 the Snake River Basin Adjudication (SRBA) Court issued a decree for water right 37-387C. The decree is a judicial order that determines the elements of the water right, such as the diversion rate and volume, the priority date, ownership, etc.

Of importance here is that the Court decreed water right 37-387C in the name of Thunder Meadows Owners Association. Because Thunder Meadows didn't own all the land where the water is used in 2011 when the decree was issued, the decree separated the water right ownership from the land ownership. As it stands today, Thunder Meadows Owners Association technically still owns the water right because the court decreed the water right in the name of the owners association, not the Elizabeth H Collins Personal Residence Trust. There is a recent Idaho Supreme Court case dealing with a similar issue if you are interested in reading it. The name of the case is: First Sec. Corp. v. Belle Ranch, LLC, 165 Idaho 733 (2019).

You will need to have Thunder Meadows Owners Association convey to Elizabeth H Collins Personal Residence Trust a portion of water right 37-387C.

Regarding water right 37-8330, this is a wildlife use water right that comes from ponds. None of which are located on the property in question. The Department will not update the ownership of this right.

If, in the future, the Elizabeth H Collins Personal Residence Trust acquires the proper documentation, they can resubmit the Notice of Change in Water Right Ownership.

Thank you,

Deborah,
Thank you for the reply. I am connecting you with Mr. Daryl Fauth at Blaine County Title Company so that you both can figure out what is needed. He will be able to provide additional information/documentation as needed for the requested change of ownership.
Thanks again for being patient and for all of your help, we really appreciate it.
Zach.

Hi Zach,

I have reviewed the additional documentation that you have provided for the split change in ownership for Water Rights 37-387C and 37-8330. These documents do not complete the chain of title for this change in ownership.

Water right 37-387C was **decreed** to THUNDER MEADOWS OWNERS ASSN INC on 05/31/2011. To complete a change in ownership for this water right, the Elizabeth H Collins Personal Residence Trust will need to obtain a ***new*** quitclaim deed directly from Thunder Meadows Owners Assn Inc, conveying a portion of the water right to them. The provided quitclaim deed (instrument no. 392073) cannot be accepted for this process because it was recorded prior to the court's decree.

Water Right 37-8330 is under the ownership of DAVID SHERIDAN. None of the provided documentation shows the conveyance of property from David Sheridan to the Elizabeth H Collins Person Residence Trust. You will need to provide a deed showing the conveyance of property from David Sheridan to the Elizabeth H Collins Person Residence Trust.

I will be forwarding your message that was sent to me on 10/21/2025 to the E-file for proper receiving. It will take a moment for the team to process it and get it to me. Debra-
Please see the attached deeds which support ownership of Lot 21 by the Collins Trust. Hopefully these suffice for the info required under 37-8330.
Please advise if anything else is needed for the ownership change on 37-8330, thanks so much-

Subject: RE: Regarding the Received Split Change in Ownership for 37-387C and 37-8330, Elizabeth H Collins Personal Residence Trust

Hello Zach,

Thank you for speaking with me earlier today regarding the received Change in Ownership for Water Rights 37-387C and 37-8330. Please see below for the Department's guidance concerning the chain of title for Water Rights 37-387C and 37-8330.

~

Water Right 37-387C has been decreed by the Snake River Basin Adjudication (SRBA). The decree for Water Right 37-387C was filed on **May 31, 2011**. This means that all supporting documentation provided for a Change in Water Right ownership for Water Right 37-387C must be dated **after** the decree filing date of 05/31/2011. *Please see the attached document for a copy of the SRBA decree for Water right 37-387C.*

The Quitclaim Deed that was provided with the received Notice, which shows the conveyance of a 0.324 CFS portion of Water Right 37-00387A from Thunder Meadows Owners Assn Inc to Patrick Collins and Elizabeth Collins, is dated **07/08/1996**. Because the deed is dated before the decree date of 05/31/2011, it cannot be accepted by IDWR for this process.

The Department will need a new deed, dated after the decree date, showing the conveyance of the water right from the holder of record (Thunder Meadows Owners Assn Inc) to the new owner (The Elizabeth H Collins Personal Residence Trust) to proceed with the change in ownership for Water Right 37-387C.

~

Regarding **Water Right 37-8330**. The Department will also need additional documentation to update the ownership of this Right to the Elizabeth H Collins Personal Residence Trust.

The documentation that we received creates a chain of title for ownership under Patrick Collins and Elizabeth Collins as husband and wife, but the Department will need a different conveyance document to show that the Collins have put their property/Water Right into the trust.

Because the Trust Certification document does not list or mention any property that is included in the trust the Department will need a conveyance document or other legal document showing the water right is in the trust. The most common document the Department receives to demonstrate this has occurred is a deed.

~

Please let me know if you have any additional questions regarding this change in ownership. You may reply to this message or call me at (208)287-4921.

RE: Change in Ownership for Water Right No(s): 37-387C, 37-8330

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

After our review of your submitted Notice and documentation, the Department has found that we will need further Documentation to proceed with your Change in Ownership. The **Trust Certification** that was provided with your Notice is not an acceptable document for the change in ownership process. The Department will need a deed or other legal conveyance document showing the conveyance of Water Rights from Patrick Collins and Elizabeth Collins to the Elizabeth H Collins Personal Residence Trust.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to update ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at 208-287-4921.

Sincerely,

Debra Mansfield

RE: Change in Ownership of Portion of Notice of Claim A37-00387A

COPY

Dear Mr. Collins:

Our office recently received your request to change the ownership record of a portion of Notice of Claim A37-00387A. As you may know Notice of Claim A37-00387A was originally filed in the name of David Sheridan by his agent Cody Walden. The original claim is for the use of 3.373 cubic feet per second (cfs) for irrigation of 103.7 acres of land in Section 35 T4N, R18E with a priority of June 1, 1888 from the East Fork of the Big Wood River.

As evidenced by the Warranty Deed from Sherk to Collins, you presently own lots 21, 22 and 23 of the Forced Replat of Triumph Meadows Subdivision No. 1. In reviewing our records it does appear that your lots are partially or totally included within the land described as irrigated under claim A37-00387A and it appears that you should share in the use of the water right claimed under A37-00387A; however, we do not at this time have sufficient information to quantify the amount (cfs) or the number of acres irrigated which should be split from the original claim.

Before we finalize the splitting of the original claim please submit further documentation that would allow us to determine your interest in the original claim. I suggest that you review the deeds &/or agreements of your predecessors. You may also wish to contact the original claimant. Please find enclosed a copy of the proof report of the original claim for your reference.

Please feel free to contact our office if you have any questions.

Sincerely,

Allen Merritt, P.E.
