Good afternoon Rick,

I apologize for the difficulties experienced when using our website. The mailing you received was sent to all parties in the adjudication to inform them that the federal reserved water right claims have been submitted to the Idaho Water Adjudications (IWA) Court, in case anyone has concerns that those water rights may negatively impact theirs.

I took a look at your property (612 Goa Way), and the water right appurtenant to it (97-2034) is for the use of water from Tunnel Creek, which eventually flows into Priest River. There were no federal reserved water right claims submitted for the use of water from Tunnel Creek, but there were five that were filed for the water in Priest River. As a party to the adjudication, if you have concern that the water right claims filed on Priest River may negatively impact your water right, you may file an objection to those claims. If you are unconcerned about those claims, then no action is needed on your part. If you wish to file an objection, I have attached Standard Form 1 (Objection) to this email for your convenience.

For reference, the federal reserved water right claims listing Priest River as a source are:

97-9880
97-9882
97-9885
97-9899
97-9905

Please feel free to contact our office if you have any additional questions, and we will be happy to help.

Best Regards,

~ Evan

CAUTION: This email originated outside the State of Idaho network. Verify links and attachments BEFORE you click or open, even if you recognize and/or trust the sender. Contact your agency service desk with any concerns.

Hi IDWR,

IDWR sent a letter about the feds and tribe filing claims. No offense but your search system as referenced is worthless. The claims provided by IDWR do not show up in the map. POD or POU does not display anything either.

I am not going to look up each claim so how do I find out if any of these are in my area or on our creek? Or if this affects our rights? Any help would be appreciated.

Tunnel creek - 612 Goa way Priest River Idaho 83856

Look forward to your earliest reply,

Thank you,

Rick
