

## District 11A Water Meeting Minutes 2026

---

The annual water meeting for district 11A was held at the Caribou County Courthouse 3/23/26.

The meeting was called to order at 1:04 PM.

Water users in attendance: Jared Henish, Albert Munro, Robin Monroe, Garth Monroe, Ken Munro, and Chris Holmes from the DOWR.

The annual budget was reviewed. Albert Munro made the motion to approve the budget and Ken Munro seconded the motion. The vote was unanimous with those in attendance.

Nominations were taken for Water Master/secretary. Ken Munro nominated Garth Monroe. Albert Munro seconded the nomination. The vote was unanimous with those in attendance.

Discussion: Ken had concerns of reestablishing a ditch that runs through Steak Center Cattle Ranch to his land. Garth agreed to talk with the new owners about reestablishing said ditch.

Albert asked about filing a water right in his name for a parcel that had been split off from a piece of land that has water rights. Garth and Chris encouraged him to do the filing. Albert (Representing Joylene Johnson) also brought up some ditch maintenance question. There was some discussion on the matter.

Chris Holmes brought us up to date on the Bear River adjudication. Water rights will be sent out around 6/1/26 for review. If any one feels their water right needs any corrections this is the time to have them corrected.

All water users are charged for the amount of water owned. Not water used. We do not have a ditch rider so all maintenance is to be done by the water users on the ditch. All water users must agree on the work to be done, the cost of the work done and the person/contractor doing the ditch repair or cleaning.

Garth Monroe motioned to adjourn the meeting at 1:40 PM. Jared Henish seconded the motion.  
Meeting Adjourned.
