Subject: FW: Bear River Basin Adjudication (BRBA) Split Water Right

Dear Christopher,

The Idaho Department of Fish and Game (IDFG) has submitted an Adjudication Claim form for the Bear River Basin water system as part of the general adjudication process. Please initiate interagency billing for the following claim using the provided LUMA coding. Jason, can you double check the highlighted numbers to make sure they are correct. Thanks

Agency	260
Project	2604355000000
Org Cost Center	3400
Program	260E3NX
Appropriation	FGAA
Fund	16000
Location	260801
Additional Reporting	Leave blank

Sincerely,

Subject: RE: Bear River Basin Adjudication (BRBA) Split Water Right

Good afternoon Jason,

We received the paperwork and everything looks good as we discussed. Please email me an interagency billing request from your agency for \$186.00 to cover the remaining filing fees for BRBA claims 11-10017 and 11-10084. Once I receive the request with IDFG's PCA and code info, I will forward it to my fiscal staff to complete the transfer. Attached is a copy of previous requests IDWR has received from IDFG for reference.

Let me know if you have any questions,

Christopher Holmes

Subject: Bear River Basin Adjudication (BRBA) Split Water Right

Good afternoon Jason,

Last week we discussed how water right 13-953 was split to 11-10017 and 11-10084. This action updated the water right record but the split did not update the BRBA claim record. The solution is for the agency to file these

two water rights in the BRBA. Then, I will apply the fees already paid by 13-953 and will follow-up with you if any additional fees are due.

Attached to this email are draft claims 11-10017 and 11-10084 and maps. These match the water rights completed through the split process. Below are steps needed from you:

- Please evaluate the claims for accuracy. Make any necessary changes.
- #5, Description of diverting works: include a brief description of the diversion works.
- #14, Signature: sign and date the document.
- Email or mail the claims and maps back to me.

Once this is completed, the BRBA claims will match the active water rights. If you have any questions, feel free to reach out to me.

Sincerely,

Christopher Holmes
