10. Do you own the property listed above as place of use? No

If your answer is no, describe in remarks below the authority you have to claim this water right.

We have a cooperative use agreement with the owner of the NESW parcel and the water right was moved to this location from other property which we own and have dewatered. We own all other property listed above.

11. Other Water Rights Used:

12. Remarks:

Priority Date Explanation:

This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Bear River Basin Adjudication.

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.

Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 11.

This right does not grant any right-of-way or easement across the land of another.

The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
