SUBJECT: Bear River Basin Adjudication Claim No. 11-4298

Dear Claimant,

The Idaho Department of Water Resources is reviewing your claim for recommendation. These items need to be addressed before we can proceed:

1. Date of Priority: 09/13/1889. For all uses claimed: To confirm this priority date, please provide evidence of historical use of the rate of diversion, source, point of diversion, and place of use going back to this date. The desert land act patent does not describe the aforementioned details of irrigation or stock water use. The backfile for this land patent may include those details. It may be available by request through the Bureau of Land Management General Land Office. Likewise, the statutory claim filed in 1983 does not suffice as evidence on its own.

Please make contact if you would like to discuss this. If we do not hear from you or receive additional evidence, your claim will be recommended with the information currently provided. It may be beneficial to hire a consultant or attorney to assist you in your research.

Sincerely,

Brian Wunsch
Senior Water Resource Agent
