RE: Change in Ownership Water Right No. 29-10030

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. information required is indicated below:

**** **Additional Information:** On February 19, 2026, the department talked with Greg Smedley about the issues associated with updating the ownership for water right 29-10030, it appears the water right was originally used on the property purchased by Smedley and the property purchased by Teuscher. After talking with Mr. Smedley, he was going to get a release for the entire water right from Teuscher. As of today, the department has not received any additional information. Please supply a document releasing their interest in the water right listed above. The release will need to be signed and notarized.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
Technical Records Specialist
