SUBJECT: Bear River Basin Adjudication Claim No. 11-2079

Dear Claimant,

The Idaho Department of Water Resources is reviewing your claim for recommendation. These items need to be addressed before we can proceed:

1. Point of diversion: The claimed point of diversion does not precisely locate the water source.
2. Place of use: The claimed place of use does not precisely locate where the water is being used for each of the claimed purposes.
3. Historical use remarks: A description of any changes to this water use over the last century would be helpful. Using aerial imagery, it is unclear that the water is still being used for the licensed purposes.

Please make contact if you would like to discuss this. If we do not hear from you or receive additional evidence, your claim will be recommended with the information currently provided. It may be beneficial to hire a consultant or attorney to assist you in your research.

Sincerely,

Brian Wunsch
Senior Water Resource Agent
