RE: Change of Address for Water Right 11-4219

Dear Claimants:

We are currently auditing our Notice of Claims, and your claim shows a different address when we compare the information with the County Parcel data. Do you still reside at the Lehi, UT address or is the address above the correct address? We are currently working on getting the Director's Report submitted later in the year and need to have correct contact information so that you will receive your Water Right.

Whenever your mailing address changes, you should contact us so that we can update the information on your Water Right, so that you will receive updated information when it becomes available. The Water Right address does not change to your new address when changes are made to the County Parcel.

If the information shown on the enclosed Notice of Claim is correct there is nothing to do. But if it has changed, please put the correct contact information on the Change of Address form and send it back to the address shown at the top of this letter.

Sincerely,

Marion Beck
Technical Records Specialist 1
