

# WATERMASTER'S ANNUAL REPORT

From: March 1st, 2022 To: February 28th, 2023

Water District No. 130

Water District Name: Thousand Springs Area

Name of Watermaster: Brian W. Ragan

Mailing Address: 650 Addison Ave. West, Suite 500, Twin Falls, ID 83301

RECEIVED  
MAR 06 2023  
DEPT. OF WATER RESOURCES  
SOUTHERN REGION

## AFFIDAVIT OF WATERMASTER

As the appointed watermaster of water district no. 130, I hereby certify that the information contained in this report is true and correct to the best of my knowledge.

Brian Ragan

3/6/2023

Watermaster signature

Date

Pursuant to Section 42-606 Idaho Code, this Watermaster's Annual Report shall be filed prior to the end of the watermaster's appointment for the current year, and kept in the office of the Idaho Department of Water Resources (IDWR). The Watermaster's Daily Diversion Records should be attached to this report if those records are not submitted electronically to IDWR.

## **Water District 130 Diversion Report for 2022**

Compiled by: Brian Ragan, Watermaster

Pursuant to Idaho Code 42-606, all Watermasters shall file an annual report to the Idaho Department of Water Resources, which includes the amount of water delivered by the Watermaster in the prior water year(s). The report of diversions is then used to determine annual assessment amounts to each water user.

Up to five years' diversion records may be averaged for each water user, and the average annual diversion used for assessment purposes. The following report averages diversion data for years 2017 through 2021. Data for 2022 are not included in this report, but will be included in the 2023 report.

The attached workbook is organized into reporting units and also includes non-reporting (small user) water users. Non-reporting water users are assessed a nominal administrative fee by Water District 130 but are not required to measure and report annual diversions at this time. Nonconsumptive water users are required to measure and report in Water District 130, and are assessed pursuant to Idaho Code 42-605A and the Water District 130 Adopted Resolutions.

Each worksheet contains specific diversion identification information (WMIS number, Metal Tag Number, Diversion Name, Measurement Option(OP)), owner information and annual use data in acre-feet. All data are averaged over the period 2017 to 2021. Data qualifiers (DQ) have been attached to some data. The Measurement Option and Data Qualifier keys appear below.

**All data appearing within this report are proprietary and may be updated by Water District 130.** Water District 130 and subdistricts conduct ongoing measurement of diversions and measuring device certifications. Calibration factors for flow meters and coefficients for power consumption estimates are recomputed every three years. As these numbers are updated, prior years' data may be adjusted.

### Measurement Option key (OP)

- 1 - Totalizing flow meter on irrigation diversion
- 2 - Power Consumption Coefficient (PCC)
- 3 - Alternate method
- 4 - non use of well due to CRP
- 6 - non use of well, other reasons
- 7 - Time clock or Hour meter
- 8 - Totalizing flow meter on non-irrigation diversion
- 9 - Open channel or non-totalizing device

### Data Qualifier key (DQ)

Flow meter or timeclock qualifiers-

- est - diversion volume estimated or water right volume used
- NEW - new diversion, has not yet reported
- NM - no reported data, diversions are occurring and may be estimated
- ND - no measuring device installed, diversions are occurring and may be estimated
- OW - data reported combined with another diversion
- EM - reported data are erroneous, and could be higher or lower than actual diversions
- Z - no diversions as confirmed by user, hydrographer or watermaster

### PCC qualifiers

- 1 Simple systems, one operating condition
- 2 Systems with multiple operating conditions and PCC for measured conditions varies by 10% or less
- 3 Systems with multiple operating conditions and PCC for measured conditions varies more than 10%.
- 4 Systems with multiple operating conditions, using low PCC (high flow) condition to estimate volume
- 5 Systems with multiple operating conditions, not all conditions known or measured
- 6 Known problem with reported kwh data
- 7 Measured PCC during flowmeter check
- 8 Complex system where flow meters or time clocks should be used
- 9 PCC not measured but may have been estimated
- N PCC not measured
- Z no power consumption as confirmed by user, hydrographer or watermaster

RECEIVED  
AUG 05 2022  
DEPT OF WATER RESOURCES  
SOUTHERN REGION

Water District 130  
Meeting Minutes

February 1, 2022 – Jerome Library Meeting Room

Dean Stevenson opened the meeting at 2:00 p.m. and asked everyone to sign in.

**Attendance:** Nathan Erickson, Corey King, Meribeth Lomkin, Lynn Carlquist, Tom Dancastle, Jim Henderham, Benton Palmer, Brian Reiter, Gary Lemmon, Dean Stevenson, Justin Temple, Joey Wallace, Ryan Telford, and several others listed on the IDWR sign-in sheet.

Lynn Carlquist moved that Dean Stevenson serve as meeting chair. Brian Reiter 2<sup>nd</sup> the motion. Motion passed.

Tom Dancastle moved that Meribeth Lomkin serve as meeting secretary. Gary Lemmon 2<sup>nd</sup> the motion. Motion passed.

Minutes of the 2021 meeting were reviewed. Lynn Carlquist moved to approve the minutes as presented. Justin Temple 2<sup>nd</sup> the motion and it passed.

**Subdistrict Meetings-Advisory Committee Membership Update:**

The group separated into groups by subdistricts and held subdistrict meetings.

- It was noted that the Advisory Committee needs a total of 5 representatives from "Spring User" subdistrict.
- The Advisory Committee also needs to fill Bob Simpson's post someone (or two people) who can represent the Carey Valley Ground Water District and Ground water users holding commercial, industrial, or municipal water rights.
- Brian Reiter will represent ground water users and Benton Palmer will be in the alternate ground water user position.
- Carey Valley GW District "spot" was not filled at this meeting.
- Joey Wallace will be alternate to replace Bob Shepard as representative to the Advisory Committee for the North Snake Ground Water District.

Tom Dancastle moved to nominate Dean Stevenson as Advisory Committee Chair. Lynn Carlquist 2<sup>nd</sup> the motion and the motion passed.

*Continued next page.*

SCANNED  
AUG 05 2022

Nathan Erickson led the group making updates to the Water District 130 Advisory Committee 2022 membership list as shown below:

<b>REPRESENTING</b>	<b>NAME</b>
North Snake Ground Water District	Lynn Carlquist Alternate: Joey Wallace
Magic Valley Ground Water District	Dean Stevenson Alternate: Jim Redmond
Carey Valley Ground Water District	No representatives found.
A&B Irrigation District	Justin Temple Alternate: Bart Webster
Basin 37 ground water irrigator	Meribeth Lomkin (Idaho Dept. of Lands) Alternate: none
Ground Water user holding commercial, industrial, or municipal water rights	Brian Reiter (City of Burley) Dane Higdem (Glanbia) Alternate: Faye Featherly (Dan Willie Ent) Alternate: Benton Palmer
Spring Users	Gary Lemmon (Ten Springs) Jim Henderhan (Riverence) Kresta Davis (IPCO) Stan Standal (B37) Katheryn Davey Alternate: Tom Dancastle Alternate: Dirk Boggart

Ryan Telford moved to accept 2022 Advisory Committee membership list. Justin Temple 2<sup>nd</sup> the motion and the motion passed.

**Financial Report/Budget:**

Nathan Erickson introduced himself and his position with the Water District and IDWR and then reviewed the Water District 130 financial report and balance sheet for the Fiscal Year as of 2/1/2022.

Discussion on the hours budgeted: "Measuring & Reporting" is a smaller group and not part of any GW district or other subdistrict groups. "Administrative Charges" covers all other water rights and is a larger group.

Estimated carryover from 2021 = \$12,117.41. Carryover for the previous year was \$15,000.00. This year actual cost was about as close to budgeted cost as the WD has been.

The WD-130 Budget for 2022 was reviewed. Because of actual costs and carry over a decrease in the recommended assessment from \$45 to \$40 was suggested.

SCANNED  
 AUG 05 2022

Dean Stevenson commented that the Advisory Committee wanted to try to maintain a carry over of \$10,000 to cover emergencies.

**Resolutions:**

The group reviewed the proposed changes to the Resolutions:

# 2 Describes MOU between IDWR and WD-130 which needs to be signed by district chair every 5 years. This has been missed for a few years but will execute MOU this year.

#10 New Advisory Committee chair is Dean Stevenson. Dean commented that for GW Districts it is common to have someone from IDWR serve as watermaster.

Lynn Carlquist commented that the Advisory Committee feels that IDWR staff filling the watermaster role is a good value for the district. WD-130 is/has been operating at a very low cost per point of diversion.

Justin Temple moved that the Resolutions be accepted as presented. Gary Lemmon 2nded the motion, and the motion passed.

**Watermaster/IDWR Report:** Nathan Erickson provided some background information on water districts, ground water districts, and administration of water rights including Calls and curtailments.

WD-130 is required by the State of Idaho to hold an annual meeting. WD-130 has the responsibility to deliver and administer the water in our WD because of previous Calls on water rights, and other things, we have formed ground water districts (GWD) to pool resources among users. GWD's can provide mitigation or other ways (besides curtailment) to help GWD users who are affected by the water rights Calls.

There are less than 100 water rights holders in WD-130 that are not part of a GWD. These users pay the Measuring and Reporting rate. All GWD members pay the M&R through their GWD assessment.

Nathan, as WD-130 watermaster administers ground and surface water (Including springs).

GWD only works on GW mitigation, but the administration/enforcement of water rights falls back to the Water District (ex: curtailments).

Flow meters that are functioning and accurate for the year's use are critical for GWD. If GWD cannot get a broken meter issue resolved, then they push the resolution of the problem back to the WD.

For meter operation, WD-130 is at about 7% (of total meters not working). This is very good comparatively statewide. Meter operation usually starts the season at about 3-4% compliance but by the end of the season the number of meters not working increases.

SCANNED  
AUG 05 2022

Sparling meters (red meters) have been taken off the IDWR list of approved meters. IDWR/WD-130 asks water users to keep an eye on meters and replace ASAP if problems develop.

**Other Business (Group Discussion regarding IDWR/Watermaster Report):**

The North Snake GWD meeting in March will have recharge/streamflow data/presentations.

IDWR in cooperation with Water Districts/Irrigators have done all the recharge we can do this winter based upon the system storage. About 1800 cfs recharge has been completed this winter among the approved recharge system in this vicinity.

For recharge – we are currently at the mercy of canal companies/systems. Keep this in mind and encourage your legislators to keep looking for and developing other recharge options. State money is keeping this ground water recharge plan going.

Natural Resources Conservation Service programs CRP and CREP are coming to an end. Acres currently not being farmed under these programs are coming out of the programs, will likely be farmed, and could lead to some changes in Ground Water Districts.

**Adjourn:**

Ryan Telford moved to adjourn the meeting. Justin Temple 2<sup>nd</sup> the motion. The meeting ended @ 2:52 PM.

Respectfully Submitted,

Meribeth Lomkin,  
Secretary

SCANNED  
AUG 05 2022

Water District 130  
Advisory Committee Meeting Minutes  
February 1, 2022 – Jerome Library Meeting Room

The meeting was called to order at 1:00 p.m.

Attendance: Nathan Erickson, Corey King, Meribeth Lomkin, Lynn Carlquist, Tom Dancastle, Jim Henderham, Benton Palmer, Brian Reiter, Gary Lemmon, Dean Stevenson, Justin Temple

Dean Stevenson moved that Nathan Erickson serve as WD-130 Advisory Committee meeting chairman, Lynn Carlquist seconded the motion, motion passed.

Brian Reiter moved that Meribeth Lomkin serve as WD-130 Advisory Committee meeting secretary, Lynn Carlquist seconded the motion, motion passed.

2021 District Update – Nathan Erickson: It was a quiet year for ground water users and spring users. Most groundwater right holders have already joined a ground water district. At the high point of surface water coalition curtailments, two curtailments affected 130 rights, with Priority Dates in July 1989 and August 1977. Current curtailments don't affect very many groundwater users in WD-130 as most are already part of a groundwater district. In 2021, IDWR did a refreshed review of ground water rights which pulled in a bunch of "new" rights affected. Most are commercial or domestic but missing some conditions within the water right, this created some IDWR issues, but is not really a Water District problem.

Two wells were locked by WD-130/IDWR as a precautionary measure.

Review 2021 Meeting Minutes: Dean Stevenson moved to approve the 2021 Advisory Committee Meeting minutes, Jim Henderham seconded the motion, motion passed.

Review Financial Report: See attached FY-2021 report and balance sheet, the group reviewed and discussed.

Question: Did IDWR staff get a pay increase? Answer: yes, but mostly that went into affect in the FY-2020 budget, and the IDWR funding amounts that we have been using are holding up OK so far.

This FY-2022 budget proposes a decrease in the minimum cost per diversion from \$45 to \$40. This will use a bit of the carryover funds from past years.

Question: is \$40 enough with the cost increases? Answer: yes. The work is reading meters and measuring spring flows, \$40 is adequate for just measuring and reporting on those basic diversions. Spring users do a lot of the measuring and self-report. Magic Valley Ground Water District acquired some of the diversion points (about 20 points) two years ago which also helps.

AUG 04 2022

Discussion about time required for duties, and appreciation to IDWR staff for the efficient work and maintaining low cost levels.

Comments/general agreement that the WD should keep \$10,000 to \$12,000 on hand in the account as carryover to have funding for emergencies.

Lynn Carlquist moved to approve the budget, Gary Lemmon seconded the motion, motion passed.

A comparison of 2021/2022 allocation of funds from WD-130 to groundwater districts was passed around the group. ~~Reminder for Nathan – please include this in the Advisory Committee packet next year.~~

Resolutions: The only changes from last year are dates throughout the resolutions, update budget in #4, and update Advisory Committee Chair in #10.

The IDWR Legal Staff realized we need an MOU every 5 years. It is needed this year. It needs to be signed by the Advisory Committee Chair. It has been listed in the resolutions, but we have missed the signatures on the MOU in some past years.

Gary Lemmon nominated Dean Stevenson as Advisory Committee Chair and Lynn Carlquist 2<sup>nd</sup> the motion. There was general agreement. Jim Henderham moved to accept the resolutions, Dean Stevenson 2<sup>nd</sup> the motion, and the motion passed.

When subdistrict breakout groups are convened, the Carey Valley Ground Water District group needs to nominate someone to replace Bob Simpson as their Advisory Committee representative.

Lynn Carlquist moved to adjourn the meeting, Jim Henderham 2<sup>nd</sup> the motion, and the motion passed.

The meeting was adjourned @ 1:40 PM

Respectfully Submitted,

Meribeth Lomkin,  
Secretary

**WATER DISTRICT 130  
THOUSAND SPRINGS AREA  
2022 RESOLUTIONS**

The water users of the Thousand Springs Area Water District, designated as Water District 130, meeting at the annual district meeting on Tuesday, February 1, 2022 HEREBY ADOPT THE FOLLOWING RESOLUTIONS:

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with the duties described in the Final Order Creating Water District 130, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002.
2. The Idaho Department of Water Resources be elected to provide the watermaster services for Water District 130 and that the Director of IDWR appoint Nathan Erickson, an employee of IDWR, or other employees of IDWR as may be necessary, to serve as the watermaster for the ensuing fiscal year or as otherwise provided in Idaho Code § 42-608(4) and the Memorandum of Understanding dated February 1, 2022.
3. Lynn Carlquist be elected Water District 130 treasurer. The duties of the treasurer will be to approve expenses, oversee disbursement of Water District funds, and to prepare or authorize a review of financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code Section 42-619.
4. The budget for Water District 130 for the year beginning March 1, 2022 and ending on February 28, 2023, be as follows: Fifty-five Thousand Two Hundred Thirty One Dollars (\$55,231) for Watermaster duties, and Ten Thousand Ninety Two Dollars (\$10,092) for measuring and reporting of diversions not reporting to a subdistrict, for a total budget amount of Sixty-five Thousand Three Hundred Twenty-three Dollars (\$65,323). An itemized budget sheet is attached.
5. The Watermaster of Water District 130 is hereby authorized to collect the assessments of the Water District in accordance with Idaho Code § 42-616.
6. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that pursuant to Idaho Code § 42-612 (5) the watermaster of Water District 130 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
7. In accordance with Idaho Code § 42-612 (6), the assessment amount for each individual user as shown in the annual adopted budget shall constitute a final determination of the amount due for that year. In the computation of assessments, the watermaster shall use a 5-year rolling average of diversions for each water user.
8. Water users in Water District 130 who are not reporting annual diversions to one of the sub-districts created herein shall report diversions directly to the watermaster of Water District 130. A separate annual fee will be charged by Water District 130 for direct measurement and reporting; this fee will cover costs of periodic evaluation and certification of the measurement device or other method (typically every third year), plus the cost of annual year-end data collection for the diversion.

CANNED

FEB 8 2022

Measurement and reporting fees will appear as a separate line-item charge on the Water District assessment statement. *Measuring and reporting charges paid either to a subdistrict or directly to Water District 130 will not be used to determine voting shares.*

9. An advisory committee shall be elected to provide input to the watermaster and the Director of IDWR. The number and composition of the advisory committee for the ensuing year shall total 12 seats as follows:
- 1 member of the North Snake Ground Water District;
  - 1 member of the Magic Valley Ground Water District;
  - 1 member of the Carey Valley Ground Water District;
  - 1 member of A&B Irrigation District;
  - 1 Basin 37 ground water irrigator
  - 2 ground water users holding commercial, industrial or municipal water rights;
  - 5 spring water users, with at least one representing Basin 37

Additional seats may be added to the committee in subsequent years depending on further revisions or expansions of the water district boundaries, to be determined annually. Each group represented will also select an alternate for each seat. Candidates will be voted on at caucus during the annual meeting. The advisory committee will meet as often as needed to address the structure, governance and operation of the district. Decisions or recommendations of the advisory committee must be made with at least 70% of advisory members present in favor.

10. The elected chair of the Advisory Committee for current Fiscal Year is Dean Stevenson. The water users of Water District 130 hereby empower the elected chairman of the advisory committee created herein to do the following as approved by the committee:

Enter into a Memorandum of Understanding between Water District 130 and the Department of Water Resources

Enter into a service contract between Water District 130 and any qualified party, in exchange for monetary compensation, as necessary and as authorized by the adopted annual budget.

Authorize and schedule external financial reviews as needed.

11. Water District 130 includes one or more ground water districts, irrigation districts, municipalities, or other geographical areas where the source of water or nature of water use is common among water right owners and users. Pursuant to the Order creating Water District 130, the following subdistricts are recognized within Water District 130:

- North Snake Ground Water District
- Magic Valley Ground Water District
- Carey Valley Ground Water District
- A&B Irrigation District
- City of Rupert
- City of Burley
- Thousand Springs Area
- Basin 37 Area

SCANNED  
APR 8 2022

12. The sub-districts designated above may have employees or agents who measure and report diversions to Water District 130, and who may provide other services to the sub-district. The Director of IDWR therefore may appoint employees or agents of the sub-districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 130. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in sub-districts, including but not limited to the following:
  - a. Each sub-district shall prepare an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
  - b. Assistant watermasters from sub-districts shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information and in the investigation of water uses within sub-districts, including but not limited to investigation of water use to confirm reductions of water use when required, and confirm and report compliance of water use with valid water rights.
  - c. The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster or IDWR.
  - d. Sub-districts and sub-district assistant watermasters may cooperate and participate with the water district and IDWR in resolution of unauthorized diversions or other enforcement matters.
  - e. To the extent that sub-district assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster or the Director of IDWR.
13. The watermaster, working with the water district advisory committee, shall prepare a proposed budget prior to the annual meeting of the water users of Water District No. 130 in accordance with Idaho Code § 42-616, 42-612 and 42-605(A). It is resolved that the recognized costs of delivery of non-consumptive rights in Water District 130 shall be equal to one-half the approved administrative budget. Such costs shall be apportioned among non-consumptive diversions on a pro-rata basis.
14. Current year assessments shall be due to Water District 130 on or before April 1 of each year.
15. All payments for assessments not received by January 1 of the year following the billing date shall accrue penalties in the amount of 10% of the charge plus interest in the amount of 1% per month, as of the April 1 due date and as provided pursuant to Idaho Code Section 42-613 (4). It is resolved that the Watermaster is authorized pursuant to Idaho Code Section 42-613 (5), to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date.
16. The annual Water District 130 meeting shall hereafter be held on the first Tuesday of February, of each year unless the Director of IDWR should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
17. The watermaster, deputy watermasters and watermaster assistants are authorized as employees of IDWR under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district, in accordance with IDWR policy, to carry out the duties of the watermaster as instructed by IDWR.

18. In the event that a vote by shares pursuant to Idaho Code § 42-605 (4), is requested during any annual meeting, a credentials committee will be assembled to determine the number of votes cast by individual water users or by subdistricts. The credentials committee shall be comprised of the following parties:
- a. the current Watermaster
  - b. the assistant Watermaster or a representative from each subdistrict present at the meeting, which is authorized to measure and report diversions
  - c. an IDWR representative

Any water user who is a member of either the North Snake Ground Water District or the Magic Valley Ground Water District, and who, in the event of a vote by shares at the annual meeting, wishes to vote his or her own shares, must notify the ground water district board and the water district in writing prior to the annual meeting. After all individuals have cast votes, any unvoted subdistrict shares may be cast by proxy by the Ground Water District Chairman as authorized under Idaho Code § 42-5224(7).

## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is entered into between the Department of Water Resources (the Department), and the water users of Water District No. 130, Thousand Springs Area (Water District), acting through the Water District Advisory Committee (Advisory Committee).

### Recitals

A. The statutes of the State of Idaho require the Director to have direction and control of the distribution of the waters of the state to those holding valid water rights within water districts created pursuant to Title 42, Chapter 6, Idaho Code.

B. On February 1, 2022, the Water District authorized the Advisory Committee, as advisors to, and elected representatives of the Water District, to enter into an agreement with the Department to provide the Water District with watermaster services.

### Agreement

The parties agree as follows:

1. The Department will provide the following services to the Water District:
  - a. Watermaster services as described in the Water District adopted resolutions and budget (Resolutions), attached, and incorporated by this reference. Such watermaster services will be provided consistent with the provisions of Title 42, Chapter 6, Idaho Code.
  - b. Any full-time or part-time employee(s) as necessary for the water distribution operations of the Water District in accordance with its adopted budget. Any persons directly employed by the Department as classified state employees, performing duties on behalf of the Water District under this MOU will only perform those duties as described in the Resolutions.
  - c. Office space as necessary for the operation of the Water District and Department vehicles for use by full-time employees of the Department, to conduct Water District business, and to share the use of other Department equipment and facilities as are necessary to equitably administer, monitor, regulate and distribute the waters to the users within the Water District.
2. The Water District will pay the Department, in accordance with the Resolutions, sufficient funds to cover the costs of operations incurred in providing watermaster services. Reimbursement shall not exceed the personnel costs and other costs incurred in conducting Water District business and providing watermaster services. Indirect costs will be paid at the rate approved by the Cognizant Federal Agency and current at the time of the water district annual meeting.
3. This MOU shall take effect on the date when all parties have signed. This MOU shall automatically renew each year for five years, subject to the Water District adopting a resolution and budget each year providing funds for this MOU. The MOU can be terminated by written agreement of the Director of the Department and the Water District, on the recommendation of the Advisory Committee.

SCANNED

APR 8 2022

4. No waiver, modification, or amendment of this MOU or any of its terms is valid unless in writing executed by both parties.
5. Nothing in this MOU will act to change, modify, or release either party of any obligation or responsibility otherwise provided by contract or by law.
6. This MOU is executed in duplicate. Each of the two documents with an original signature of each party shall be an original.

The parties have executed this MOU on the date following their respective signatures.

**To:** Kristine Hilt  
**Subject:** RE: C.U.P. Application - Laidlaw Road, Carey - Idaho

Hi Kristine,

Thank you, yes, 2021 is going well so far for myself & my loved ones. I wish the same for you.

I reviewed the CUP application and took a look at the reclamation plan file (S02774). S02774, held by Loren Strode, is in good standing with IDL. It is not un-usual for us to see commercial operators such as Knife River come & go on these private land gravel sources and operate within existing reclamation plans in conjunction with large construction projects as described in this CUP application. So Knife River's application to Blaine County for Loren Strode's gravel pit fits within the "norm".

As far as IDL is concerned, temporary batch asphalt plants like the one that Knife River is proposing are not required to be specifically described in the reclamation plan. It is nice to know that this use/project is "in the works" for this reclamation plan area so that I can put it on my inspection list to update disturbed acres/bonding if necessary after this project. However, no changes are required to the reclamation plan for the temporary batch asphalt plant use.

Thanks.  
Meribeth

Hi Meribeth,

I hope 2021 is treating you well and that you are loved ones are safe and healthy.

Can you take a quick peek at the attached application for a temporary batch asphalt plant? My question is, would this temporary use impact the requirements of the existing reclamation plan?

Thanks,

Hi Carrie,

It is not you, nor Nathan, who can't find the minutes. I don't have them written up yet. I'll get busy and find those notes and ask the Administrative Assistant here to give me a hand turning my scribbles into minutes when she is here on Thursday (she is part time – 3 days a week). Fingers crossed I can get them finished up and to you sometime on Friday.

Thanks.

Meribeth

**Subject:** WD 130 2022 ANNUAL MEETING MINUTES

Dear Meribeth,

With Nathan Erickson gone I find myself in a pickle. You probably e-mailed him the minutes for Water District 130 2022 annual meeting but I am unable to get into his e-mail to retrieve them. Could you please re e-mail them to me so I can display them on the website?

Thank you so much,

**Carrie Hahn**

**Total 2022 Assessment** **\$64,471**

**WATER DISTRICT 130  
THOUSAND SPRINGS AREA  
2022 RESOLUTIONS**

The water users of the Thousand Springs Area Water District, designated as Water District 130, meeting at the annual district meeting on Tuesday, February 1, 2022 HEREBY ADOPT THE FOLLOWING RESOLUTIONS:

1. That the watermaster perform the duties as required by Chapter 6, Title 42, Idaho Code and in accordance with the duties described in the Final Order Creating Water District 130, signed by the Director of the Idaho Department of Water Resources (IDWR), February 19, 2002.
2. The Idaho Department of Water Resources be elected to provide the watermaster services for Water District 130 and that the Director of IDWR appoint Nathan Erickson, an employee of IDWR, or other employees of IDWR as may be necessary, to serve as the watermaster for the ensuing fiscal year or as otherwise provided in Idaho Code § 42-608(4) and the Memorandum of Understanding dated February 1, 2022.
3. Lynn Carlquist be elected Water District 130 treasurer. The duties of the treasurer will be to approve expenses, oversee disbursement of Water District funds, and to prepare or authorize a review of financial affairs of the district at the end of each fiscal year, in accordance with Idaho Code Section 42-619.
4. The budget for Water District 130 for the year beginning March 1, 2022 and ending on February 28, 2023, be as follows: Fifty-five Thousand Two Hundred Thirty One Dollars (\$55,231) for Watermaster duties, and Ten Thousand Ninety Two Dollars (\$10,092) for measuring and reporting of diversions not reporting to a subdistrict, for a total budget amount of Sixty-five Thousand Three Hundred Twenty-three Dollars (\$65,323). An itemized budget sheet is attached.
5. The Watermaster of Water District 130 is hereby authorized to collect the assessments of the Water District in accordance with Idaho Code § 42-616.
6. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that pursuant to Idaho Code § 42-612 (5) the watermaster of Water District 130 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
7. In accordance with Idaho Code § 42-612 (6), the assessment amount for each individual user as shown in the annual adopted budget shall constitute a final determination of the amount due for that year. In the computation of assessments, the watermaster shall use a 5-year rolling average of diversions for each water user.
8. Water users in Water District 130 who are not reporting annual diversions to one of the sub-districts created herein shall report diversions directly to the watermaster of Water District 130. A separate annual fee will be charged by Water District 130 for direct measurement and reporting; this fee will cover costs of periodic evaluation and certification of the measurement device or other method (typically every third year), plus the cost of annual year-end data collection for the diversion.

Measurement and reporting fees will appear as a separate line-item charge on the Water District assessment statement. *Measuring and reporting charges paid either to a subdistrict or directly to Water District 130 will not be used to determine voting shares.*

9. An advisory committee shall be elected to provide input to the watermaster and the Director of IDWR. The number and composition of the advisory committee for the ensuing year shall total 12 seats as follows:
- 1 member of the North Snake Ground Water District;
  - 1 member of the Magic Valley Ground Water District;
  - 1 member of the Carey Valley Ground Water District;
  - 1 member of A&B Irrigation District;
  - 1 Basin 37 ground water irrigator
  - 2 ground water users holding commercial, industrial or municipal water rights;
  - 5 spring water users, with at least one representing Basin 37

Additional seats may be added to the committee in subsequent years depending on further revisions or expansions of the water district boundaries, to be determined annually. Each group represented will also select an alternate for each seat. Candidates will be voted on at caucus during the annual meeting. The advisory committee will meet as often as needed to address the structure, governance and operation of the district. Decisions or recommendations of the advisory committee must be made with at least 70% of advisory members present in favor.

10. The elected chair of the Advisory Committee for current Fiscal Year is Dean Stevenson. The water users of Water District 130 hereby empower the elected chairman of the advisory committee created herein to do the following as approved by the committee:

Enter into a Memorandum of Understanding between Water District 130 and the Department of Water Resources

Enter into a service contract between Water District 130 and any qualified party, in exchange for monetary compensation, as necessary and as authorized by the adopted annual budget.

Authorize and schedule external financial reviews as needed.

11. Water District 130 includes one or more ground water districts, irrigation districts, municipalities, or other geographical areas where the source of water or nature of water use is common among water right owners and users. Pursuant to the Order creating Water District 130, the following subdistricts are recognized within Water District 130:

- North Snake Ground Water District
- Magic Valley Ground Water District
- Carey Valley Ground Water District
- A&B Irrigation District
- City of Rupert
- City of Burley
- Thousand Springs Area
- Basin 37 Area

12. The sub-districts designated above may have employees or agents who measure and report diversions to Water District 130, and who may provide other services to the sub-district. The Director of IDWR therefore may appoint employees or agents of the sub-districts as assistant watermasters for purposes of measuring and reporting water use to the watermaster of Water District 130. The water district watermaster and the Director of IDWR will provide direction and guidance to assistant watermasters for measuring and reporting of diversions in sub-districts, including but not limited to the following:
  - a. Each sub-district shall prepare an annual report of diversion data to the water district watermaster in accordance with Idaho Code § 42-606, § 42-708, § 42-709, and the direction provided by the Director of IDWR.
  - b. Assistant watermasters from sub-districts shall cooperate and coordinate with the water district watermaster and IDWR in sharing water use information and in the investigation of water uses within sub-districts, including but not limited to investigation of water use to confirm reductions of water use when required, and confirm and report compliance of water use with valid water rights.
  - c. The regulation of diversions, including curtailment of diversions and other water right enforcement actions, shall be the primary responsibility of the water district watermaster or IDWR.
  - d. Sub-districts and sub-district assistant watermasters may cooperate and participate with the water district and IDWR in resolution of unauthorized diversions or other enforcement matters.
  - e. To the extent that sub-district assistant watermasters may otherwise be involved in the regulation or enforcement of diversions, such involvement will be under the instruction of the watermaster or the Director of IDWR.
13. The watermaster, working with the water district advisory committee, shall prepare a proposed budget prior to the annual meeting of the water users of Water District No. 130 in accordance with Idaho Code § 42-616, 42-612 and 42-605(A). It is resolved that the recognized costs of delivery of non-consumptive rights in Water District 130 shall be equal to one-half the approved administrative budget. Such costs shall be apportioned among non-consumptive diversions on a pro-rata basis.
14. Current year assessments shall be due to Water District 130 on or before April 1 of each year.
15. All payments for assessments not received by January 1 of the year following the billing date shall accrue penalties in the amount of 10% of the charge plus interest in the amount of 1% per month, as of the April 1 due date and as provided pursuant to Idaho Code Section 42-613 (4). It is resolved that the Watermaster is authorized pursuant to Idaho Code Section 42-613 (5), to withhold or suspend deliveries of water to any water user who has not paid their assessment charges by January 1 of the year following the billing date.
16. The annual Water District 130 meeting shall hereafter be held on the first Tuesday of February, of each year unless the Director of IDWR should find it necessary to change the meeting date or unless changed by resolution of the district at any annual meeting.
17. The watermaster, deputy watermasters and watermaster assistants are authorized as employees of IDWR under Idaho Code § 42-1701(5) to make reasonable entry on lands within the district, in accordance with IDWR policy, to carry out the duties of the watermaster as instructed by IDWR.

18. In the event that a vote by shares pursuant to Idaho Code § 42-605 (4), is requested during any annual meeting, a credentials committee will be assembled to determine the number of votes cast by individual water users or by subdistricts. The credentials committee shall be comprised of the following parties:
- a. the current Watermaster
  - b. the assistant Watermaster or a representative from each subdistrict present at the meeting, which is authorized to measure and report diversions
  - c. an IDWR representative

Any water user who is a member of either the North Snake Ground Water District or the Magic Valley Ground Water District, and who, in the event of a vote by shares at the annual meeting, wishes to vote his or her own shares, must notify the ground water district board and the water district in writing prior to the annual meeting. After all individuals have cast votes, any unvoted subdistrict shares may be cast by proxy by the Ground Water District Chairman as authorized under Idaho Code § 42-5224(7).
