John,

This letter is to inform you of my intent to have the water right t,15-4187 , transferred from my grandfather, J Moroni Ward, to John Christophersen. After reviewing some records, I noticed that this has never been done. Because your property falls in the same quarter section as mine I am required to give you notice.

Best Regards

Re: Change in Ownership for Water Right No(s): 15-4187

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

The active status of a water right is not maintained by updating the ownership record. Department records indicate this water right has not been claimed in the Bear River Basin Adjudication (BRBA). **You must claim this water right in the BRBA, otherwise the water right will be forfeited and lost. The BRBA is conducted during a limited timeframe and it is important that you file the water right claim promptly.**

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at 208-525-7161.

Sincerely,

Misty Pettis
