SUBJECT: Bear River Basin Adjudication Claim No. 11-7712

Dear Kent,

Per our conversation on 6/9/2026, these are the needed items we need mailed back to us at 325 E 600 S Suite 300 Preston, ID 83263-4921 if you would like your claim to be amended so that it is properly recommended.

1. Signature of Amended Claim

Included in this letter is an amended claim. Everything on the amended claim is the same as the original except the redactions and these highlighted sections: updated mailing address, more accurate source, added the legal description for the point of diversion where water is diverted out of Stauffer Creek and into the shared unnamed stream, added the description of the added point of diversion and corrected the diversion rate to match 0.02 cfs or 1 miner's inch per irrigated acre claimed per department standards. Please review these changes, sign and date.

2. Labeling Map

Included in this claim is a blank map. Please make a detailed drawing of where the Points of Diversion are and how the water gets to the Place of Use.

If you do not complete the amended claim form or the labeled map, your claim will be evaluated as it was originally submitted. Review the claim for accuracy. If there are any additional changes you would like to make, cross out the incorrect information, replace it with correct information, and initial next to the corrections.

Feel free to reach out with any questions.

Sincerely,

Brent Bonney

Water Resource Agent
