(One water right per application)

Is this application being submitted with a rental application as a lease/rental package? Yes ☐ No ☒

If yes, include renter and rental fee payment information as attachment 5B.

This application must be prepared in accordance with the minimum requirement checklist below. Use this checklist to ensure all necessary documentation has been provided. This checklist is part of the lease application and must be included with the lease application. **Applications that do not meet the minimum requirements will not be processed and may be returned or denied.**

MINIMUM REQUIREMENT CHECKLIST

Check All Items as Either Attached (Yes) or Not Applicable (N/A)

Yes

Completed *Application to Sell or Lease a Water Right to the Water Supply Bank*, printed **single sided**, per requirement of the Water Supply Bank.

Application filing fee of \$250.00 per water right. If you are submitting more than one lease application and the water rights have an overlapping, common place of use, or a common diversion rate or volume, the total fee for all water rights is \$500.00. For places of use, multiple water rights must be used to irrigate the same lands in order to qualify for the joint filing fee. Individual filing fees are required for water rights that share a common permissible place of use but which cover separate acres within the permissible place of use.

4. GENERAL INFORMATION

- A. Identify the owner of the water delivery system or well Tom Katsilometes 4 et al (I am one of four siblings of Tom's family who has ownership of the well.)
If your water right is delivered through a canal, lateral or ditch operated by a canal company, irrigation district, or similar delivery entity, your lease request must include written consent from the company, district, or similar entity for your removal of water from its system pursuant to Section 42-108, Idaho Code and IDAPA WSB Rule 37.02.03.25.02e. (Label Attachment 4A)
- B. Please provide a description of the current water diversion and delivery system, including source, pump, pipeline or diversion.
From the point of diversion to a hydrant to a water tank truck to the field. (original pipeline no longer functional)
- C. Describe any other water sources, including municipal, irrigation company shares, or water rights with combined limits to the water right offered to the bank, which are used for the same purpose at the same place of use as the water right being offered to the Bank. None
- D. Are any of the water rights identified in Section 4C stacked with the water right proposed for lease? Yes ☐ No ☒
Stacked water rights are used together to achieve a common beneficial use, such as irrigation of the same lands, and usually have combined limits in the conditions of the water rights. Stacked water rights cannot be separated and must be jointly leased to the Water Supply Bank. Stacked water rights qualify for the multiple fee payment of \$500.
- E. Will the present place of use continue to receive water from any other source, including those listed in 4C? Yes ☐ No ☒
If yes, explain the relationship between the different water sources and how enlargement of the authorized use will not occur if this water right is leased.
- F. Has any portion of this water right undergone a period of five or more consecutive years of non-use? Yes ☒ No ☐
If yes, describe the circumstances and attach evidence to demonstrate how the water right has not been lost through forfeiture (Label Attachment 4G). See Section 42-223, Idaho Code for exceptions to forfeiture, including lease into the Bank. Your application may be denied if forfeiture concerns are not addressed. 42-223 (6)
The well was inaccessible and locked by another party from 2001 to 2018. We could not access for water use until the 2019 season and then discovered the pipe was disfunctional from non-use.
- G. Identify annual volumes and/or rates of water diverted (used) in the last 5 years to accomplish the beneficial use authorized by this water right. about 10,000 gallons from the truck tank for sunflower seeds planted and fertilized in 2023-2024. Since the pipeline became non-functional, all we could deliver for irrigation had to be by truck. It wasn't feasible to deliver more by truck.
- H. Is this water right involved in any other IDWR process, such as an application for transfer or a mitigation plan? ☐ ☒
If yes, describe. Yes No

☐ 1	☐ 2	☐ 3	☐ 4	☒ 5	Other Term Length (# of years): <i>*Prior IWRB approval required</i>

- B. Show the minimum payment acceptable to the seller/lessor. If lease, the minimum payment may be shown as the "current rental rate" as established by the IWRB, or a negotiated rental rate with submittal of an agreement between the lessor and the renter. *The owner payment is 90% of the rental fee. The administrative fee retained by the IWRB is 10% of either the current rental rate or the negotiated rental fee, whichever is higher. Include the method of determining the minimum payment if submitted as a companion lease rental package, and whether the owner payment will be paid directly to the lessor from the renter or if owner payment should be collected by the Department from the renter for payment to the lessor. (Label attachment 5B).*

I hereby assert that the information contained in this application is true to the best of my knowledge, and that I have the authorities necessary to offer this water right for sale or lease to the Idaho Water Resource Board.

The Designated Lessor / Applicant acknowledges the following:

1. Payment to the Designated Lessor / Applicant is contingent upon the sale or rental of the water right from the Bank.
2. While a water right is in the Bank, the seller/lessor of the water right may not use the water right, even if the water right is not rented from the Bank.
3. A water right accepted into the Bank stays in the Bank until the Designated Lessor / Applicant receives written confirmation from the Board or Water Supply Bank that the water right has been released from the Bank.
4. While a water right is in the Bank, forfeiture is stayed.
5. Acceptance of a water right into the Bank does not, in itself, confirm the validity of the water right or any element of the water right.

RE: RE: LEASE APPLICATION NO(S). 29-14525 - RETURNED INCOMPLETE

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

On May 22, 2025 the Department of Water Resources (Department) received your application to lease water right no(s). 29-14525 to the Water Supply Bank (Bank). Review of the application found the water right(s) can not be accepted for lease and the application is being returned because the application is incomplete.

Water Supply Bank Rule 25 (IDAPA 37.01.03.025.02) contains the required information that applicants must include for an application to lease a water right to be a complete filing. The application did not include:

c. Information demonstrating the water right has not been abandoned or forfeited as defined by Idaho Code § 42-222(2)

Department resources were expended to conduct a full review of your application. Therefore, the lease application filing fees will not be refunded if the application with all the required information is not returned within fourteen (14) days.

If you have any questions, please contact the Department at (208) 287-4800.

Respectfully,

Catalina Beck
