SUBJECT: Bear River Basin Adjudication Claim No. 11-4104

Dear Claimant,

The Idaho Department of Water Resources is reviewing your claims for recommendation. These items need to be addressed before we can proceed:

Date of Priority:

1. Date of Priority: You included a homestead patent as priority date evidence in claim 11-8744. A homestead patent is not descriptive enough to confirm your claimed priority date for irrigation. To confirm the priority date claimed, please provide evidence of historical use of the rate of diversion, source, point of diversion, and place of use going back to this date.

Please make contact if you would like to discuss this. If we do not hear from you or receive additional evidence, your claim will be recommended with the information currently provided. It may be beneficial to hire a consultant or attorney to assist you in your research.

Sincerely,

Brent Bonney
Water Resource Agent
