2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.

It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

******TIME SENSITIVE RESPONSE REQUIRED******

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water right to the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts for your review and signature. Please sign and return ALL Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return an executed copy to you. The Lease Contract is not considered final until you and the Department have both signed.

The right will automatically be released from the Bank on **December 31, 2030** unless the right is released earlier by the Board, or upon your request. To release the right from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. To propose a new lease period, submit a new Application to Sell or Lease a Water Right to the Water Supply Bank form along with applicable fees to the Department. These forms are available from any IDWR office or from our public website at <http://www.idwr.idaho.gov>. Please note your right may not be available for immediate release if it has been rented.

Please review the conditions of acceptance listed on the Lease Contract, including #3 which says:
"While a right is in the bank, **the lessor may not use the right** without approval of the department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B."

Catalina,

Would it be possible to extend the period for watermaster comment out to June 5th?

I'd like to perform a deeper analysis. The preliminary look shows that some of these rights may not have been previously utilized. See attached for last chance.

I'd like to recommend a similar condition to the WSB lease for recharge that was recently approved, but would like to support it by a thorough analysis.

MEMORANDUM FOR APPLICATION # 3337

To: Water Right(s) 21-12897,21-12912,21-12934,21-12908,21-12921,21-12922,21-12910,21-12929,21-12961 & 21-12962

From: Catalina Beck Water Resource Agent

Date: March 3, 2026

Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE: Renewal lease application for water rights 21-12897, 21-12912, 21-12934, 21-12908, 21-12921, 21-12922, 21-12910, 21-12929, 21-12961 was received on November 3, 2025, with the correct fees. This renewal application includes companion rental application 3338. The application proposes to lease portions of these water rights for an additional five-year term beginning in 2026. The proposed lease quantities generally follow lease contract 1335 but have been slightly adjusted to reflect the recommendations contained in Water Supply Bank Memo 4.

The lease application was initially incomplete due to the absence of an application for water right 21-12962. An email was sent to the representative requesting the missing application. The representative responded on April 3, 2026, and provided the required application for water right 21-12962, completing the filing.

AUTHORITY TO FILE: The lease applications for Egin Bench Canal Inc were signed by Micheal Rasmussen and Aaron Dalling. According to the Idaho Secretary of State business website, Micheal Rasmussen is listed as the president of Egin Bench Canal Inc, and Aaron Dalling is listed as the secretary. Therefore, there are no concerns with authority.

WATER RIGHT VALIDITY: Water Right(s) 21-12897, 21-12921,21-12922, and 21-12928, were decreed in 2011 and 21-12908,21-12910,21-12912,21-12921,21-12934 and 21-12961 were decreed in 2012 and have been in the bank over multiple consecutive terms since 2015 with a previous lease contract 1335 (2021-2025). No concerns with water right validity.

ENLARGEMENT OF USE: Water rights 21-12897, 21-12908, 21-12910, 21-12912, 21-12921, 21-12922, 21-12928, 21-12934, 21-12961, and 21-12962 authorize irrigation of up to 30,102.0 acres within a PPU. According to a memo for previous lease contract 1335, the proposed leased acreage will be reduced from 2,466.1 acres to 2,326.6 acres, a 5.7% reduction, to address potential enlargement concerns. This renewal lease will follow the same acreage reduction applied under lease contract 1335.

Several other water rights overlap the proposed place of use; however, most of the overlapping rights are groundwater rights that are not supplemental.

Water right 21-7173 overlaps at the place of use and has a condition requiring it to be used in conjunction with the Egin Bench water rights. However, there is no concern because water right 21-7173 has been in the Water Supply Bank and lease application 3344 proposes a renewal contract during the same timeframe as this contract for the Egin Bench water rights.

There are several water rights that share the point of diversion. 6 irrigation rights from North Fork Reservoir Company storage overlap the leased acres, and 15 surface water irrigation rights owned by the United States Bureau of Reclamation and managed by Fremont Madison Irrigation District overlap the place of use (POU) for the Egin Bench Canal water rights. The

North Fork Reservoir Company rights are part of a combined limit that includes 6 North Fork Reservoir Company rights, 10 Egin Bench Canal Inc. rights being leased, 5 Farmers Canal Co. rights, and 4 Salem Union Canal Co. rights, with a total irrigation cap of 41,098 acres. This limit consists of 6,018 acres for Farmers Canal Co., 4,978 acres for Salem Union Canal, and 30,102 acres for Egin Bench Canal.

There is no POU overlap between the Farmers Canal Co. or Salem Union Canal Co. rights and the Egin Bench Canal rights, so enlargement is not a concern. Although some North Fork Reservoir Company POU overlaps the Egin Bench Canal POU, the North Fork Reservoir Company POU is large enough to use its full supply on other lands. Therefore, no proportional lease of the North Fork Reservoir Company rights is required. See previous lease contract 1335 review memo.

LOCAL PUBLIC INTEREST: Accepting valid rights into the water supply bank to provide water for new and supplemental uses is in the local public interest.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The location of the water right POD is with IDWR's Eastern Region and within Water District # 01. A request for comment regarding the proposed lease was sent on May 13, 2026.
