Mr. Kendall Bodkin & Donna Bodkin,

Good morning. IDWR is currently preparing to sign the license for permit 98-8085 and a single discrepancy was found on the permit at time of approval.

This email seeks to gain information from you related to your irrigation practice in the development period of the permit (6/6/2022 – 6/24/2024).

Please refer to the attached 2-pg permit approval PDF – the irrigation beneficial use authorized a season of use = 4/1 to 10/31 annually. The Department standard irrigation season of use for your region of the State = 4/15 – 10/31 annually.

IDWR seeks to clarify the season of use to reflect the 4/15 to 10/31 at time of licensing, but not if it will injure your irrigation practices as developed under the permit.

Question: historically do you begin irrigating prior to 4/15 annually? If yes, then your license shall remain with the season of use 4/1 – 10/31.

If no, IDWR will revise the season of use to reflect 4/15 – 10/31.

Please do respond to this email correspondence in the next 14 days.

Thank you, and I hope you both & family have a wonderful 4th celebration.

Luke Bates – Sr Water Resource Agent
