RE: Scheduling Field Exam for Water Right Permit No's. 65-22769, 65-22773, 65-23123, 65-23124, & 65-23285

Dear Permit Holder:

A field exam for the above listed water rights was conducted June 19, 2019. However, insufficient information was gathered in order to allow for a licensing recommendation. We are planning to conduct water right examinations in the vicinity of the above-referenced permit **this season**, and further examination is needed to verify the water use in order to issue a water right license. Additional information needed in order to grant licenses for the above water right permits includes: **Diversion Flow Rate Measurements**.

If you have developed a beneficial use and still own the place of use property, please contact me at your earliest convenience to schedule an examination.

If you did not develop a beneficial use of water under the permit during the beneficial use period, a license cannot be issued and the permit should be relinquished. If that use was developed, but have ceased using the water and you currently carry no interest in it, please relinquish the permit by submitting the enclosed Relinquishment of Permit form (no fee required).

If you did develop a beneficial use of water under the permit, but you no longer own the place of use property identified in the permit, please submit the enclosed Assignment of Permit form with the applicable \$25 processing fee.

Please contact me within the next thirty (30) days at (208) 334-2190 to either schedule an examination or submit a relinquishment or assignment form. If you no longer own the place of use property and/or do not respond to this letter, the department will work with the current property owner to issue a license or void the permit.

Sincerely,

Justin Shearer
Water Resource Agent, Sr.
