Subject: RE: Claim 96-4263

Good afternoon Danielle,

Thank you for providing that pump information in support of your claim, no. 96-4263. That information is helpful, but will not be sufficient for us to accurately determine the diversion capacity of your water system. Before we can complete the recommendation of your water right claim, our staff will need to conduct a field examination on site to measure the capacity of that system. I have copied Senior Water Resources Agent, Michael Thompson, on this email. Please coordinate with him to schedule a date for that examination that works best for you and your staff.

Have a very Happy Fourth of July.

Best Regards,

~ Evan
